## HOSPITAL IS DEFEATED BY BIG MAJORITY

Total Vote Against Project is 1,571  
According to Unofficial Figures.  
And 407 For It

VOTE IS WAY BELOW NORMAL

Farmers Defeat Proposal Because of  
Expense Entailed—Site Did Not  
Not Figure in Voting

MAJORITY IN RUSHVILLE TWP.

Every Precinct But 2 Carries For  
Hospital. And One of Them is  
Tie—Vote is 407 to 285

The county hospital project lost in the special election in Rush county yesterday by a vote of more than two to one, unofficial figures today showing 1,571 cast against the hospital and 407 for it.

The proposal to build a general hospital on the old fair grounds was lost because of the farmers' opposition to it. Every township went against it with the exception of Rushville, where the vote was 407 for the hospital and 285 against it.

One precinct in Noble township gave a majority of five votes for the hospital, but every other precinct outside of Rushville township went against the project by a big majority. One township in Rushville No. 8, gave 30 votes for each side, and No. 7 went 37 to 31 against it.

Lack of interest was blamed for the small vote cast. The total vote 2,269, was less than one-half of the normal vote in the county.

The expense of building and maintaining a hospital was the objection voiced by farmers and was responsible for the overwhelming defeat which the proposal suffered. The question of a site did not figure much in the voting.

The special election commissioners will not meet until tomorrow morning, as the law provides, to canvass the vote, and the official tabulation will not be available until then.

Rushville township voted as follows: Precinct No. 1—for 32, against 24; No. 2—for 54, against 47; No. 3—for 49, against 42; No. 4—for 63, against 12; No. 5—for 23, against 18; No. 6—for 37, against 25; No. 7—for 31, against 37; No. 8—for 30, against 30; No. 9—for 45, against 35; No. 10—for 43, against 15.

Only eight votes were cast for the hospital in Ripley township, there being 220 against it.

Walker township gave only nine votes for and 204 against. The Homer precinct voted 3 for and 99 against and the Manilla precinct 6 for and 105 against.

Center township, precinct No. 2 made it unanimous, casting 94 votes against the hospital. A total of 128 were cast against it in No. 1, only ten being for it.

Washington township voted 84 against and 14 for and Jackson township cast the same number in favor and 46 against.

Union township voted 51 for and 99 against. The Gings precinct gave 29 for and 54 against and the Glenwood precinct went 22 for and 45 against.

Noble township's vote was 27 for and 64 against and Richland went against the project by only seven votes, the count being 29 to 22.

Only 24 votes were cast for the hospital in Anderson township, there being 117 against it. Posey township gave 56 for the hospital and 112 against it. Orange township went 136 to 24 against the proposal.

## DEPUTIES ARE ANNOUNCED

Rushville Township Assessor Ap-  
points His Deputies

George Altman, Rushville township assessor, today announced the names of the deputies who will assist him in the annual assessment of property which begins next Saturday. Mr. Altman and John A. Jones will assess real estate in the city of Rushville and Will Morgan will assess real estate in the township outside of Rushville. Dan Spivey and El Jones will look after the personal property in the city and John Joyce will take the personal property outside of Rushville.

## PENNSYLVANIA TRAIN HITS AN AUTOMOBILE

Rush G. Budd and Daughter Nar-  
rowly Escape Injury at Sixth  
Street Crossing Today

HOOD OF MACHINE CAVED IN

Rush G. Budd and daughter, Miss Allene Budd, narrowly escaped serious injury this morning when the machine in which they were driving was struck by a northbound Pennsylvania passenger train at the Sixth street crossing. Mr. Budd was driving and was not aware of the approaching train as there is no watchman at this crossing and drove onto the track.

The car was struck on the hood and was damaged considerably, but was not put out of running order as it was driven to a garage under its own power.

The car was not turned over and the occupants miraculously escaped without a scratch, although they suffered a very severe shock.

## SENATOR WATSON IS IN FAVOR OF LEAGUE

Is Opposed, However, to Certain  
Phases and Proposals of Ten-  
tative Constitution

SPEAKS IN SENATE MONDAY

Senator James E. Watson of this city is not in accord with some of his colleagues who already have voiced opposition to the League of nations, according to a dispatch from Washington today. In contrast with them he rather favors a league or any sort of an organization that will tend to preserve peace in the world, but he is violently opposed to some of the articles of the constitution that is tentatively proposed for the league. When he speaks next Monday it will be to declare himself squarely in favor of a league but he will strike out hard against certain phases and proposals of the constitution that has been announced.

One of the things to which Senator Watson is strongly opposed is the manner in which the league will be formed, whereby the league in his opinion, will be dominated by European and Asiatic nations and be able to call on this country for fighting men and fighting ships to be sent any place where needed to keep down trouble. The league, he says, according to the dispatch, will be dominated by the countries of the old world, and especially by Great Britain because of the representation in it of her several colonies.

However he sees many good things about the league and believes that it can be so modified and changed to meet the objections now contained in its proposed constitution. There are no better orators in the Senate than Senator Watson and an announcement that he is to speak is certain to attract one of the record crowds to the Senate galleries.

## FINAL APPEAL TO BE MADE TO PEOPLE

President Wilson Will Ask Support  
of League Before he Returns  
to France

WORK ON TERMS PROGRESSES

Popular Disapproval of Proposal  
League is Predicted by Sena-  
tor Cummins Today

(By United Press.)

Washington, Feb. 26.—President Wilson probably will address a final appeal to the American people support of the league of nations just before he sails for France next month.

Arrangements are under way for him to make the speech in New York city on March 4 or 5.

Committees Are at Work

Paris, Feb. 26.—Preparation of the preliminary peace settlement with Germany continued today. The work is in the hands of the various committees handling the details but Marshal Foch has conferred with the Supreme war council on matters affecting Germany's military status, after the pact is signed.

All members of the committee on reparations has been asked to submit figures representing their ideas which should be used to collect from Germany, together with methods of collecting.

The committee on responsibility for the war is understood to have reached the point where the culpability of various industries is being discussed. Territorial questions are progressing rapidly toward adjustment.

Cummins Against League

Washington, Feb. 26.—Popular disapproval of the proposed league of nations was forecasted by Senator Cummins of Iowa, republican, today in a speech to the senate.

He urged a substitute plan which he said is the "international compact which the American people are waiting, hoping, and praying for." Cummins described the Paris constitution as "the most destructive, unjustifiable and reactionary proposal which was ever submitted to a patriotic and intelligent people."

## WILSON SPEEDS UP FINAL LEGISLATION

Intimation That he Would go to Cap-  
itol Brings Action on Several  
Bills Today

VICTORY LOAN BILL PASSES

(By United Press.)

Washington, Feb. 26.—President Wilson's intimation that he would go to the capitol to urge immediate passage of the final legislation, today speeded congress to action.

The senate navy committee decided to report out the big navy bill with the provision that the president could suspend it if the league of nations was formed.

The senate public land committee favors reporting Secretary Lane's bill appropriating \$100,000,000 to reclaim land for returned soldiers.

The Victory Loan bill authorizing a \$7,000,000,000 short term notes issue, was passed by the house 348 to 3. The house adopted the conference report on the \$96,000,000 legislative, executive, judicial bill. The bill as agreed to restores the nine sub treasuries which would discontinue in the original bill and provides for a congressional commission to report on the adjustment and equalization of government salaries.

## INCOME TAX MAN COMING MARCH 3

J. J. Keene Will be at Postoffice  
Four Days to Help Taxpayers  
Fill Out Blanks

NO CHARGE FOR ASSISTANCE

Free Advisory Service For Those  
Who Have To Make Sworn  
Returns For First Time

J. J. Keene, deputy from the office of Peter J. Krayer, district internal revenue collector, will be at the postoffice here from Monday, March 3 until the close of business Thursday, March 6, to help people of this county to determine their individual liability and comply with the law's requirements as to 1918 incomes.

Mr. Keene's office hours will be from 8 a. m. to 9 p. m. each day and he may be consulted without charge. "Bring your figures, your debts, your problems and your questions, is his invitation contained in the announcement of his coming visit.

"This free advisory service" writes Collector Krayer, "is planned for those who are required for the first time to consider their liability and to make sworn returns."

"Many thousands must this year file returns who were not affected by the prior federal laws taxing incomes. Here are the requirements:

"Every unmarried person who had a net income of \$1,000 or over during 1918; and every married person who, together with wife (or husband) and minor children, had a net income of \$2,000 in 1918."

"The advice and services of the deputy collector are entirely free, and he is authorized to administer the oath required on returns, free of charge. Persons who are taxable should make payment when filing their returns by attaching check or money-order."

"This tax is a war burden; it is a part of the price of victory, the greatest victory the world has known. I believe the people of this district will meet it fully; and I am offering every facility of my office to aid them to determine their individual liability."

## ALL AUTO LICENSE FEES GO TO STATE

Amendment to State Highway Bill as  
Reported by Senate Road Com-  
mittee Today

ROAD TAX IS CUT FIVE CENTS

(By United Press.)

Indianapolis, Feb. 26.—All fees collected by the state on auto licenses shall go to the state highway commission, under amendment to the bill establishing the commission, as reported out by the senate road committee today. As the bill passed the house, \$8,000 of the auto license fees would be distributed among the counties and the remainder go to the state fund.

Other amendments provide: the highway commission must approve all actions taken by the director; the road tax is cut from 15 to 10 cents.

Senator Ratts today introduced a joint resolution providing for a constitutional amendment which would eliminate the portion of the constitution which provides for justices of the peace. Senator Aldredge introduced a bill providing that the state shall pay tuition fees of all discharged soldiers, sailors and marines at state educational institutions.

The Strode-VanAnken's bill providing for establishment of a state free employment agency was recommended for passage with amendments, cutting the appropriation to \$38,000 from \$75,000.

## PETER SCHOBIN SUCCUMBS

Sexton Man Dies of Heart Disease  
Tuesday Night at 10 O'clock

Peter Schobin, age 57, died at his home in Sexton last night at 10 o'clock, heart disease being the cause of the death. Besides the widow and a stepdaughter, Mrs. Peter Stenger, of Bentonville, he is survived by one brother, William Schobin of Sexton and four sisters, Mrs. Adam Newman of Florida, Mrs. William Miller of Cincinnati, O., Mrs. Frank Cloud of Newcastle and Mrs. Anthony Moser of Sexton. The funeral services will be held at 10 o'clock Friday morning at the Catholic church. Interment will be made in Calvary cemetery.

## "SAILING DAY" PLAN DISCUSSED AT MEETING

Some Local Shippers Express Oppo-  
sition at Session With Division  
Freight Agents

TO FACILITATE SHIPPING

Division freight agents of the four railroads entering Rushville discussed with local shippers today the advisability of installing the "sailing day" scheme, which is designed to facilitate shipping and reduce losses from breakage due to transferring. The meeting was held in the lobby of the sheriff's office in the court house.

Some shippers expressed opposition to the plan because it would increase hauling expense, since in some cases using the most direct route would make necessary shipping in a railroad with no siding at their plant.

C. A. King represented the Big Four; Mr. Curry, the L. E. & W.; Paul Havens, the C. I. & W.; and Mr. Maus, who presided and led the discussion, the Pennsylvania.

## "COLD WAVE" TO BE OF SHORT DURATION

Weather Man Predicts Warmer  
Weather, With Rain or Snow, To-  
morrow

NO DAMAGE DONE, IS BELIEF.

The "cold wave" which came yesterday evening as predicted by the weather man, is to be short-lived, according to today's prediction of warmer weather and probably rain or snow for tomorrow. A continuation of the freezing temperature was promised for tonight, however. The fall in temperature yesterday afternoon and evening was very rapid, the mercury dropping below freezing by six o'clock.

A year ago to day the telephone linemen were busy repairing the lines which had been damaged to a great extent by the wind and sleet and it will be remembered that many signs in the business district were being replaced.

It was thought that the sudden change might be of harm to the wheat, but with the sun shining today, it is not thought that the crop will be damaged to a great extent. The temperature in this locality seems to be general throughout the state, but in some places the mercury is reported lower than it was here. Fruit trees and other plants have not developed far enough to be greatly harmed by a freeze, it is thought.

MOTHER IS DEAD.

El Beer, of this city, was called to Versailles, Ind., yesterday, on account of the death of his mother, Mrs. R. F. Beer, who died yesterday morning at ten o'clock at her home in Versailles. The funeral services will be conducted Thursday morning.

## INSTRUCTED TO INVOICE STOCKS

Dealers in Tobacco, Cigars, Cigar-  
ettes and Spirits Must Report  
Under New Revenue Law

SODA FOUNTAINS ARE HIT

Tax on Soft Drinks Not Effective  
Until May 1—Bonus of \$60  
For Persons in Service

Dealers in tobacco, cigars, cigarettes and spirits were notified today, in a letter received by Postmaster G. P. Hunt from Peter J. Krayer, internal revenue collector, that they should invoice their stocks as of yesterday and report to Mr. Krayer on blanks already forwarded, to comply with the provisions of the federal revenue bill which became effective yesterday when the president signed it. The taxes on tobacco and other so-called luxuries are increased in the new law.

Soda fountain owners today were figuring on how they would pay the tax of ten per cent on soft drinks, which is imposed by the new law and becomes effective May 1. Those engaged in the business here expect to pay the tax themselves on all drinks costing ten cents or more, but will likely charge six cents for five-cent drinks. The increased taxes on tobacco will probably result in cigars, cigarettes and package tobacco costing the consumer more.

Articles in the "luxury class" on which new taxes go into effect yesterday include automobile, and motor accessories, pianos, sporting goods, chewing gum, cameras, firearms, candy, slot machines, toilet soaps and art goods. The tax is paid by the manufacturer.

Other features of the tax bill which go into legal effect, but which are retroactive, and which consequently are not practically affected by the time of the signing of the bill, include the following:

Taxes on incomes, excess profits and war profits; estates and inheritances, and excise taxes on a number of special businesses such as brokers, bowling alleys, insurance companies, theater and amusement place proprietors and liquor dealers. Drastring measures to curb narcotic drug traffic become effective at once.

On April 1, new taxes on railroad and steamship tickets, pipe lines, insurance, theater admissions and club dues, and a variety of stamp taxes become effective. Levies against the excess of value of so-called semi-luxuries, such as articles of dress, will be made after May 1.

The new law also contains a section providing for a bonus of \$60 for all persons who have served in the army, navy, marine corps and courses corps during the war with Germany. In the case of men already discharged from the service, it is provided that the bonus shall be paid them as soon as practicable and in the case of men not discharged from the service, the bonus shall be given them when they are discharged. It is provided that the bonus shall not be paid to persons who were drafted and did not report for duty to persons who have already received a \$30 bonus under a former act; to heirs of persons in other cases, including those of officers who have died, and to persons entitled to retirement pay. In all cases even though they pass to the reserve the bonus is payable.

IS GRANTED DIVORCE

Mrs. Lillie M. Bailey of near Raleigh was granted a divorce by Judge Gause in the Henry circuit court in Newcastle yesterday from Dr. Theodore Bailey who is living in Indianapolis. The case was filed here and sent to Henry county on a change of venue.

## WANT EXTRA SESSION OF CONGRESS CALLED

Democratic Leaders Will Urge President to Take This Action and Will Give Reasons.

SEEK IT 30 DAYS AFTER MAR. 4.

(By United Press.)

Washington, Feb. 26.—Democratic leaders in the house want President Wilson to call an extra session of congress within thirty days after the end of the present session March 4. They will urge the president to take this action and will lay before him their reason for it at the first opportunity.

The present situation in reference to the shipping program which is necessary for outlining a permanent merchant marine policy, will be one of the main arguments. Another will be the necessity for permanent railroad legislation.

## MAYOR THOMPSON IS PICKED

Nominated For Re-election by Republicans in Chicago

Chicago, Feb. 26.—Mayor William Hale Thompson, republican, yesterday was nominated for re-election in the municipal primary by an indicated plurality of 45,000 over Chief Justice Harry Olson of the Municipal Court with Charles E. Merriam running a poor third. Robert M. Sweitzer, whom Thompson defeated for mayor four years ago by a record plurality won the democratic nomination from Thomas Carey by from 60,000 to 70,000.

## ANOTHER SIGN OF SPRING

While others have been watching for the proverbial first robin as the first sign of spring, Mrs. May May, 721 North Main street has made a discovery which is regarded as an infallible sign, denoting the approach of spring. She found blue myrtle in the yard at her home in full bloom. It is unusually early for this flower to bloom. She picked five blooms on Monday.

## LETITIA DICKSON DIES.

Mrs. Letitia Dickson died at her home in Indianapolis Monday at the age of 94 years. She was an aunt of Mrs. George Guffin, of North Perkins street. Aunt "Lettie," as she was familiarly called, was well known in Rush county especially in the Little Flatrock neighborhood. The burial takes place today in Plymouth, Ind., her former home.

## SAYS WAR WAS MERE SKIRMISH

Compared With Battles Ahead, It Was Small, Army Chaplain Tells Rushville Audience

### WIN-MY-CHUM SERVICES HELD

Dr. Robert Brumlay of Chicago National Figure in Epworth League Work, Speaks Tonight

A talk by Dr. Robert Brumlay of Chicago, a selection, "Deep River," by the Girls High School Glee Club and a violin duet by Miss Marian Kinsinger and Ernest Parke, will be on the program for the Win-My-Chum service at the St. Paul's M. E. church this evening at 7:30 o'clock. Dr. Brumlay is one of the national figures in League work and his being in this part of the country made it possible for him to speak here.

"The war that has just finished is just a skirmish compared to the battles that are before us," stated Chaplain William Saunders of Indianapolis at last night's meeting, in telling about his experiences as a chaplain in the army while stationed at the various training camps in this country.

In a forceful way, the speaker compared the recent war to the conflict for Christianity in winning souls to Christ, that is starting now as never before.

"The soldiers of Uncle Sam have taught us many lessons as Christians. These boys have a vision, they realize that they need preparation to make good soldiers and most of all they consecrate their all to the cause of their country. The best is what Christ calls for and to serve Him well we have to be able to say to Him 'Here I am—take me,'" the speaker went on.

Chaplain Sanders told many amusing as well as pathetic experiences of the boys while in training. During the influenza epidemic, while boys were at the point of death he described how denominations were forgotten and the chaplains served as the ministers of the churches that the boys represented. He stated also that this broad spirit was prevalent in all phases of army life; that Y. M. C. A. and the K. of C. administered to all boys alike, never asking their denomination or creed. Friday night, will be "Soldiers Night" at the meetings and several of Rush county's soldiers will talk. A social in honor of the soldiers and sailors will follow the meeting, which will be lead by Harold Wolcott.

## TO REPORT FOR A BIG ARMY

Senate Committee to Recommend One of 537,000 Men

(By United Press.)

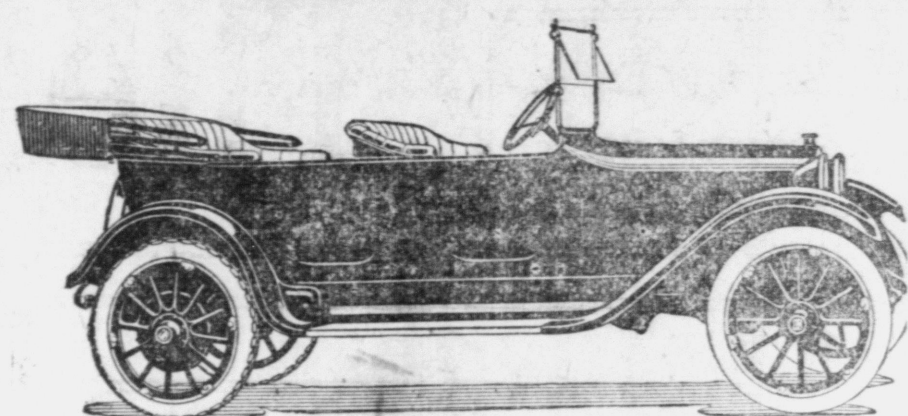

Washington, Feb. 26.—The senate military affairs committee has agreed to recommend an army of 509,000 men and 28,000 officers as a permanent military force of the country.

The provision was stricken out by the house although an appropriation was left for an army of this size. On the urgent appeal of Secretary of War Baker and Chief of Staff March, the provision for an army of 500,000 was reinstated by the senate committee.

## PET ANIMAL SHOW SUCCESS

The pet animal show held at Jackson school yesterday afternoon at the close of school was an unqualified success, it was announced today, receipts amounting to \$57. The sum of \$20 alone was realized on the sale of candy and pop corn. About 40 cages of pet animals were shown.

## BUY THRIFT STAMPS

## DODGE BROTHERS MOTOR CAR

To observe the car on the streets or on the road is to become instantly impressed with its beauty; to drive it is to realize all the responsiveness and power you require in a motor car.

It gets away instantaneously and skims the road silently and smoothly. The engine seems always to have more and still more power when occasion requires.

These qualities, together with the steadiness at high speed, the freedom from gear shifting, the high quality of all materials—are reasons why DODGE BROTHERS MOTOR CAR has always appealed so strongly to the public.

## The Reason Why

## We Can Guarantee

If a machine is to be guaranteed for five years it must be built so it won't break down. Every part must be as strong as the rest—no weak points. Something besides "bullstrength and awkwardness" has been brought to bear in the production of the RUSHVILLE SPECIAL Spreader. The theory in developing this spreader has been to remove the unnecessary strain throughout the entire machine, so that the natural strength and staying qualities of good material and good workmanship, could develop the greatest possible strength and durability.

It was on this theory that the BULL DOG beater wheel and the NO-CHOKE Box were conceived and embodied as a part of this machine. These two features reduced the strain and heavy wear on the RUSHVILLE SPECIAL so that at least 30% of the usual strain on other spreaders is absolutely cut out by these inventions.

The SELF-OILING journal bearings, the Litchfield style of a single lever which starts, stops and regulates all parts of the machine, and the general simplicity cuts down the possibility for trouble and breakage to such an extent that the machine is practically "Fool Proof."

The front construction which the circle front and the Litchfield Style of bracing from the front axle to the cross bar under the machine, the ENDLESS conveyor with the SELF-CLEANING hinged sections, the self-aligning beater wheel bearings, the riveted teeth in the cylinder bars, the cross trussed and re-inforced frame, the steel hub wheel and other special features found only on the RUSHVILLE SPECIAL Spreader, all combined give the great strength, durability and long life which enables the Litchfield Mfg. Co. to give every purchaser of a standard spreader a written contract guaranteeing it for five years.

All possible cause for trouble, breakage, and accident are studiously removed and overcome. This statement is strong and so is the machine. The Company is behind it and so am I.

—M. O. Sefton of New Salem was a business visitor here this morning.

—Earl Woodward of Connersville was a business visitor here yesterday.

—Miss Hannah Morris has returned from a visit with relatives in Cincinnati.

—Charles and John Johnson of Carthage transacted business here yesterday.

—Clifton Stamm of near Andersonville was a business visitor here yesterday afternoon.

—Donald Smith and Douglas Morris transacted legal business in Newcastle yesterday.

—William Emswiler of near Clarksburg was an Indianapolis business visitor today.

—Miss Enaline Newlin of Indianapolis is visiting Mrs. O. C. Brann of this city for a few days.

—Luther Bever of Indianapolis, formerly of this county was here this morning enroute to Muncie.

—Mrs. Lote Carter and Mrs. Harry Wyatt spent the day in Glenwood as the guest of Mrs. Charles Combs.

—Lawrence Clark, Robert Vredenburg and Paul Root attended the dance in Connersville last evening.

—Miss Helen Moore and Andrew Moore visited in Indianapolis last night and attended the Murat theatre.

—P. T. Innis of Milroy returned from Indianapolis last night after spending a few days there on business.

—Robert Vredenburg has arrived home from Detroit, Mich., having been discharged from service in the army.

—Carlton Chaney of Glenwood went to Indianapolis this morning to attend the egg and poultry dealers convention today and tomorrow.

—Mrs. Anna Gaffin, Mrs. Ellen Worsham and Allen R. Holden were called to Indianapolis yesterday by the death of their aunt Mrs. Letitia Dickson.

At Auction

The Imported Belgian Stallion Carlo 5056

At the Gibson Bros. Sale

Saturday, Mar. 1, 1919

One-half mile west of Rushville, on Shelbyville Pike.

Carlo is a great breeder and show horse, weighed 2150 in show form. If you are looking for a real imported stallion, you should attend this sale as he positively sells for the high dollar.

Days Pickings

Mrs. Dan Drake, who was operated on at the Sexton's sanitarium Monday evening, is reported to be in a serious condition.

The music committee of Big Flat-rook church will give a penny supper and parcel post sale Thursday evening, in the basement of the church.

A penny supper will be given by the Dr. Gilbert Sunday school class of the Christian church Friday evening, Feb. 28. The supper will be served from five to seven o'clock.

The body of Horace Harbaugh, who died suddenly at his room in the Windsor hotel yesterday afternoon, was taken to Attica, Indiana last night for burial. Ray Keys, Mr. Harbaugh's employer, accompanied the body.

Lieut. Scott Buell, who arrived in the United States from overseas last week, has been transferred to Camp Sherman, Chillicothe, O., and will be home on a furlough the latter part of this week or the first of next week, according to word received by relatives here.

Lieut. Weldon Brann, who has been stationed at Camp Sheridan, Montgomery, Alabama, has received his discharge from the regular army, and has accepted a position with Malable Motor Works in Texas. He will leave for that place immediately. Lieut. Brann is the son of Mr. and Mrs. O. C. Brann of West Third street.

VICTORY LOAN AN APPEAL TO OUR BUSINESS SENSE

As a Business Proposition No Man Can Afford Not to Subscribe to Full Limit of His Ability.

By EDGAR RICE BURROUGHS, Author of "Tarzan of the Apes."

There are an infinite number of excellent reasons why we should support the Victory Liberty Loan.

The finest sentiments we possess must prompt us to subscribe to this loan even more freely than we did to the others. The government must get money or it would not ask us for it. The man who was prompted to lend in the past through fear that if he did not the Germans might get over here and make it unpleasant for him is mighty "yellow" if he will not subscribe, now that the danger is past.

Our response to previous loans indicated that we were thoroughly in accord with the principles for which we were fighting, and by our response we authorized the expenditure of the sums necessary properly to prosecute the war. These enormous expenses must continue for some time. The obligations involved must not be repudiated. They are our obligations as individuals and we must look upon them as such. It is not only a matter of necessity; it is a matter of personal honor for us to meet these obligations promptly and gladly.

On the other hand, there is in the Victory loan an appeal to our business sense as well as to our patriotism. There is the appeal to self-interest for the loan is not to be without profit to us. We are given an opportunity to invest in an absolutely safe security, and we will receive a good rate of interest. As a business proposition no man can afford not to subscribe to the full limit of his ability.

And there is another reason why we should subscribe every cent that we can rake and scrape together. It is this: If the government cannot raise the necessary funds by the sale of Liberty bonds, it must do it by direct taxation. The government has the power to tax us to meet these obligations, and if we are taxed we not only will get no interest but we will never get the principal back again.

It seems to me that both the wisdom and necessity for fully and immediately subscribing this Fifth Liberty Loan must be obvious to anyone whose mentality is greater than that of a child of ten. We are supposed to be an intelligent people, capable of governing ourselves and others. We pride ourselves upon our business acumen, upon our energy and upon our patriotism. In the Victory Liberty Loan we shall have an opportunity to prove to the world that we are better than vain boasters, and that we are fully deserving of the estimate which we have placed upon ourselves as a people.

The time is here. The opportunity is here. The eyes of the world are upon us—upon you. What the world shall think of us depends not upon the action of others but upon what you do—YOU.

—HELP "FINISH THE JOB."

WANTS A MARKER ERECTED

On Spot Where Gen. Harrison Camped Near Big Raccoon Creek

Indianapolis, Ind., Feb. 26.—Senator Lanoy of Rockville is behind a movement to have a marker erected by legislative appropriation on the spot where Gen. William Henry Harrison camped with about 1,000 men on the eve of the battle of Tippecanoe. The bill which Lanoy has drafted provides for appointment of a commission of three men by the judge of the circuit court of Parke county to have charge of the erection of the marker. The appropriation provided for is \$500. The place where Gen. Harrison camped on the eve of the famous battle is one of the most important from a historical standpoint in Indiana, according to Senator Lanoy. The spot is near the junction of Big Raccoon creek and the Wabash river in Parke county.

CUMMINS ELECTED

Washington, Feb. 26.—The democratic national committee today elected Homer Cummins of Connecticut as chairman to succeed Vance McCormick.

ARMISTICE CONCLUDED

Warsaw, Feb. 26.—An armistice was concluded between the Poles and Ukrainians, effective at 6 o'clock Tuesday afternoon according to an official telegram from Lemberg today.

MEETING THURSDAY NIGHT

Congregational Fellowship Session at First Presbyterian Church

A congregational fellowship meeting will be held at the First Presbyterian church Thursday night at 7:30. At this time an instructive and entertaining program will be given. Douglas Morris, S. L. Traubue, Mrs. C. E. Liddell, J. T. Arbuckle, Mrs. Jesse Bennett, Ralph Payne and J. L. Cowing will each give short talks. An effort is being made to add to the success of the church by the advancement of loyalty and service. Those not connected with some other church are asked to show their church patriotism by attending this service.

KEPT HER RING NEW.

(By United Press.)  
London, Feb. 12. (By Mail).  
—A woman of Godstone, Surrey, has recovered her wedding ring which disappeared six years ago while she was feeding a calf.  
The calf swallowed the ring and wouldn't give it up. It became known as the "Golden Calf."  
A few days ago the Golden Calf now grown to sedate cowhood was purchased and killed by an Oxford butcher, who discovered the ring embedded in an internal organ.

There Must be Quite A War Still Going On  
London, Feb. 26.—The war still is costing Great Britain \$20,000, 000 a day.

LUDENDORFF WRITES BOOK

Berlin, Feb. 26.—Gen. Ludendorff, has written to President Ebert saying he has completed a book justifying his action during the war and he desires to return to Germany to publish it and resume his service to his fatherland.

**A Liberal Education**

Whatever may have been the evil effects of the war, it cannot be denied that it has been the greatest educative influence of modern times. People of all countries have become better acquainted with the citizens of others, and have a larger understanding of the national aspirations of neighboring states. In our own country attention has been directed as never before to world problems. By constant reading of the war news the average citizen of the United States is quite familiar with the geography of Europe and Asia and the struggles for independence of their races, and the present economic condition of the states involved in the war, and is possessed of a general comprehension of foreign questions about which he understood practically nothing five years ago.

The same effect is noticeable with respect to similar matters in our own country. The composition of the government at Washington, the power which Federal authority holds over the people, the relation to each other of the legislative, executive, and judicial branches, the power of the president under the Constitution, the question of government control of public utilities, methods of raising revenue and appropriating it for the expenses of the government, the conduct of our foreign affairs—all these subjects and many others are matters of daily comment in the press and have been so intimately connected with the waging of the war that the reading of war news has carried with it a general study of our government in its varied aspects.

Particularly has this influence of education been felt in the training camps for our soldiers here and abroad. Men have been taken from

all levels of society by the draft and blended together on terms of practical equality in the army. Men of high social standing and education have come to know of the hundreds of thousands of poor people from the sparsely settled regions of the country where practically all opportunities for self improvement have been denied. On the other hand boys from those sections have received a liberal education in economics' history and government that they never would have acquired had it not been for the war. To the men who have been sent overseas the opportunities, of course, have been still greater. "Some will come back," says Gen. Carter, "mained and sorely wounded, but the greater body of them will come home improved mentally, morally, and physically by their service."

**There be Bulls and "Bulls"**

For some unexplained reason the government operators of the railroads have evidently let one of the railroads "put one over" on them. It was announced that a boy in Griffin, Georgia, has been awarded a prize thoroughbred bull offered by the Southern of Georgia Railroad in a calf-club contest. After having compelled the railroads to cease employing chemists to develop chemical industries along their lines, it is surprising that a road would be permitted to give away a bull to encourage breeding of better cattle in the territory it serves. From the standpoint of government operation, here is a sheer waste. The government operators cut out solicitors of business, they cut out advertising they discontinued branch ticket offices—all in the name of economy. But they let a railroad give away a bull for the encouragement of production of better cattle. First thing we know the Railroad Administrator will realize his mistake and restore the chemists and permit advertising of the superior service of various railroads. Give 'em time enough and the makers of railroads policy under government operation might learn a lot of things; but consider the cost to the people of educating the autocrats.

The man who had bacon for breakfast this morning feels like a multi-millionaire when he learns that in Austria pork products are selling at \$10.00 a pound.

It is to be feared that we shall become a luxurious nation again now that we can be fed with wheat bread and warmed with anthracite coal.

A doughboy, the pride of our nation, fell in love with a pretty Alsatian. When he asked for a kiss, said this pert little miss, "What's the use of U. S. osculation?"

**GERMAN REVOLUTION IS HASTENING TERMS**

Conferees are Anxious to Reach a Point Where Food May be Shipped to Germany

**NO OFFICIAL ADVICES YET**

(By United Press.)

Paris, Feb. 26.—The new revolution in Germany is giving added impetus to the work of preparing the outline for a preliminary peace.

The conferees are anxious to reach a point where food and material may be shipped into Germany to restore economic and political conditions to a normal basis.

The peace conference had not yet received official advices on the present situation in Germany, owing to the fact its representatives in that country are sending the messages by couriers rather than telegraph, but there was disposition on the part of the delegates to feel that speed in effecting preliminary peace is progressing.

**HIGHWAY MEASURE AMENDMENT CERTAIN**

Both Speaker Eschback and Lieut. Gov. Bush Insist that the Bill be Changed.

**BILL HAS PASSED THE HOUSE.**

Indianapolis, Ind., Feb. 26.—Amendment of the highway commission law in the senate so that the acts of the highway director must have the approval of the state highway commission, is certain. As the bill passed the house, the director would have to work only under the "supervision" of the commission and his steps would not necessarily have to have the approval of the commissioners.

Both Speaker Eschback of the house and Lieut. Gov. Bush, the presiding officer in the senate, insisted that the bill be changed so that the commission would have power to review all acts of the director of highways and thus prevent any fraud in letting contracts of otherwise disposing of the state's money. The roads committee of the senate is spending considerable time working on the measure and it is expected to be ready for senate action before the week is over.

**A TRACTOR DEMONSTRATION**

Will be Held on Hackleman Farm West of City Mar. 12—13.

A tractor demonstration will be held on the Dr. F. G. Hackleman farm a short distance west of Rushville March 12 and 13 under the direction of the county agent, Marion Detrick. At least five tractors—Ford, Heider, Case, Moline and Indiana, will be used in the demonstration, and there is a possibility that two others may take part. A similar demonstration was held last summer on the Amos farm south of the city and was a very great success.

**CONCERT PROVES A MUSICAL TREAT**

Numbers on Program By Christian Sunday School Orchestra Heartily Applauded

**SOLOS ARE ALL FEATURES**

Reading by Gladys Bebout is Appreciated and Janet Dean Pleases With Violin Number

The concert at the Christian church last night was one of the best musical treats given in this city for some time. The Sunday school orchestra, conducted by Homer W. Cole, gave several fine selections which were heartily applauded. E. E. Perrin played a cello solo which was greatly appreciated, judging from the applause.

Miss Gladys Bebout's reading, "A Big Mistake," was the most appreciated number on the program. It dealt with a new minister who in his pastoral visits, called upon a widow, and by confusing the names, asked about an old gray horse which had died. The widow, having been mourning her husband's death for only a week, could not understand why she should be insulted by the new minister when he referred to the deceased. The story is very ludicrous all the way through and ends with the minister being deeply embarrassed by his mistake.

Miss Janet Dean, accompanied by her mother Mrs. Mary Dean, at the piano, played a violin solo. Miss Dean has wonderful control of her instrument and the selection was greatly appreciated. She responded to the hearty applause given her with an encore.

A vocal solo given by Loyd Nelson was applauded heartily, and judging from the amount of applause received, Mr. Nelson's work was appreciated as much as any number on the evening's program. Mr. Nelson also responded with an encore of a humorous nature.

The last number, but not the least, was given by the orchestra, and consisted of several selections, introducing "Swanee River," "Mocking Bird," "Old Black Joe," "The Star Spangled Banner" and several other old time favorite songs. At the close of the program the audience gave way to their feelings and applauded in a manner that could not be doubted, showing that Mr. Coles work with the orchestra is greatly appreciated, not only by the church but also by everyone who had a chance to hear the program.

**TO BE GRANTED A HEARING**

Former Officials Whose Books Show Deficiencies will be Heard.

Indianapolis, Ind., Feb. 26.—Former public officials whose books are reported as including deficiencies or discrepancies will be granted a hearing by the state Board of Accounts, and should such officials be overseas or serving in the army, navy or marine corps, their hearing will be postponed until they return to civil life, according to Gilbert Hendren, chief examiner of the board of accounts, today.

"Any man who has been in the military service will be heard only when he returns to civil life, as it would be very unfair to attempt to rule on a case if the man had left his office to serve his country," said Hendren.

**COUGHING SPELLS BREAK YOUR REST**

Put a stop to them with old reliable Dr. King's New Discovery

That raw, hoarse throat must be soothed. That phlegm-loaded chest must be loosened. That cough must be checked so you can sleep. ## Y. W. C. A. OPENS WORK IN ITALY

Tea and Club Rooms Opened for  
American Women.

Miss Charlotte Niven, Director of Italian Work, Prepares for Influx of  
American Woman Students.

Italy is now included in the war work of the American Y. W. C. A.

Miss Mabel Warner of Salina, Kan., and Chicago left Paris a few days ago for Rome, where she will be in charge of a Hostess House for American girls employed there by the American Red Cross, the Embassy and the new Tuberculosis Commission. Miss Warner has been director of the Y. W. C. A. Hostess House at Brest, France.

Miss Warner will open a tea room and club rooms where the American women can gather for social times. Rome is harboring a refugee population of about 40,000 and accommodations are difficult to find.

The work in Rome was started as a direct result of the appeal of Miss Charlotte Niven, one of the National Y. W. C. A. secretaries in Italy; who is spending a few months in France as advisor in the French work.

Miss Niven's dreams of Y. W. C. A. work in Italy include the maintenance of a residence for non-Italian women, who, she feels, will come to Italy in great numbers after the war to study music and art.

"I believe at this time such a project is particularly important because women from other countries should be encouraged to come to Italy to replace the great numbers of German women who flooded Italy in the past, many of them paid agents of their government," Miss Niven said in discussing her plans.

Miss Niven has asked the American Y. W. C. A. to aid the Italian Association in establishing a center, perhaps at Genoa, with two American secretaries, with physical and recreational training, to act as a training school for Italian women. In connection with it her plan would include a Hostess House for girls passing through the city or employed there. Such a center would become eventually the center for all Y. W. C. A. work in Italy, both Italian and foreign.

In her formal appeal for help for the Unione Christiana Delle Giovani (the Italian name for Young Women's Christian Association) Miss Niven has emphasized two facts, the poverty of the Italian Association on the one hand and the need and opportunity on the other for an American program in Italy at the present time.

Miss Niven's favorite way of illustrating the friendliness of the Italian woman to America is by telling the story of the Italian mother who said she had taken down the picture of the Madonna which had hung for many years over her bed and was putting in its place one of President Wilson.

"In our work in the Unione we have lacked trained leadership as well as the material resources to give such training. We have had no means to buy modern equipment. Consequently we have not the visible results of American and British work.

"Feeble as our work may be, it is not useless. Many girls in all parts of Italy have told us how much the Unione meant in their lives. Italian girls are touchingly grateful for the smallest efforts. They respond eagerly to friendliness.

"There is no other agency doing in Italy what the Association is trying to do."

Miss Niven has spent the past seven years in work with the Italian women, starting as director of a hostel, or boarding home, for Italian women students at Florence. She is an American from New York, where she was one time head of the Christadora Settlement House.

## WOMEN LEARNING MESSAGE.

Germantown Y. W. C. A. Trains Women for Reconstruction Work  
Among Soldiers.

Educational courses to prepare women as aides in the rehabilitation of wounded soldiers have been opened at the Germantown, Pa., Young Women's Christian Association.

A reconstruction message course, lectures in anatomy, physiology, muscle work and remedial movement, massage, theory and practice, electrotherapy and hydrotherapy are given by doctors and nurses, who also supervise practical work at the Y. W. C. A. and at hospitals. The courses are recognized by the Surgeon General.

Similar courses have also been opened in the New York City Central Branch Y. W. C. A., where a specialty is made of brush-making with a view to training women as teachers for reconstruction hospitals.

The Canadian Y. W. C. A. has received permission to place a Y. W. C. A. secretary on every ship leaving England with 200 or more women and children on the passenger list.

The secretary fulfills the same function for the women as the Y. M. C. A. secretary has for men on transports. She plans entertainments and recreation for women and children and is a friend to whom they may come if they are in distress.

## Y. W. C. A. Industrial Courses in Buenos Aires

An American Y. W. C. A. secretary teaching South American girls who have been forced into industry during the war to become laundresses.

## WOMEN'S COUNCIL MEETS IN PARIS

Eighty Well-Known French Women Guests of Y. W. C. A.  
for Opening Session.

Paris, Feb. 2.—Eighty of the most prominent women in France who are interested in all women's problems attended the first meeting of the Provisional Council of the American Young Women's Christian Association, held at Paris headquarters, 8 Place Edouard VII, Jan. 30.

Mrs. Robert Lansing, wife of the Secretary of State, who is first vice-president of the council, presided, conducting all sessions in French, as two-thirds of the members represent French associations with whom the Y. W. C. A. has been co-operating.

All women in France are looking forward to the findings of the council as of tremendous importance not only to women in France, but all over the world. The purpose of the council is to collect and make available information about conditions and needs of women, to become acquainted with women who are identified with different kinds of work and to develop a few typical illustrations which will set standards for future permanent work.

Following are the societies represented: Union Chretienne des Jeunes Filles, Student Movement, Foyer des Aliees, Amies de la Jeune Fille, National Council of Women. Among the delegates were Mme. Jules Siegfried, Mme. Avril de St. Croix, Baroness Wattenville, Countess Pontalès and Mme. Waldegrave of London.

Mrs. William G. Sharp, wife of the ambassador to France, is honorary chairman of the council and Mrs. Francis McNeill Bacon president pro tem. Miss Charlotte Niven, director of Y. W. C. A. work in Italy, is secretary.

Departmental and provincial groups will hold meetings weekly to discuss local problems, the entire council meeting at the end of each month. In April, at the last meeting, each group will decide how the information and experience may be used most effectively in the future.

Delegates are guests at the Hotel Petrograd, the Y. W. C. A. Hostess House in Paris.

## Y. W. C. A. PROMOTES WORLD FELLOWSHIP

Will Send Industrial Commission  
to Meet Foreign Labor  
Leaders.

The War Work Council of the Young Women's Christian Association plans to send an industrial commission of women to England, France and Italy in April to meet prominent labor leaders of those countries with a view to promoting world fellowship among women.

The commission will be made up of Mrs. Raymond Robbins, representing the National Women's Trade Union League of America; Mrs. Irene Osgood Andrews, American Association for Labor Legislation; Miss Grace Drake, National Consumers' League; Mrs. James S. Cushman, chairman of the War Work Council of the Young Women's Christian Association; Miss Florence Simms, Miss Marie Wing and Miss Imogene B. Ireland, secretary to the commission, all of the Y. W. C. A., and Miss M. Gilson, an authority on employment management.

Miss Simms says in regard to the commission: "The war has forced upon us the bearing of international relationships in all things, and our touch with women in other countries has made us include in our international thinking the industrial life of women. The war has wrought so many changes in this that it seems a timely thing that women interested in the larger life of our women workers should take counsel together and express their interest with the hope that certain minimum standards which seem essential to health and welfare among women may be agreed upon and obtained.

Our War Work Council is sending abroad this women's commission from organizations in America directly concerned with the welfare and largest life of industrial women."

## DOMESTIC SERVICE COURSES PLANNED

Trained Home-Maker Is to Have  
an Eight Hour Day and Stand-  
ard Minimum Wage.

Courses for training home assistants, who will go into the home by the day, hour or week and work on a schedule of hours and fixed wages, have been inaugurated by the Young Women's Christian Association as a means for meeting the problem of domestic service.

The object of this course, now being tried out in New York City, is to place domestic service on the same dignified basis as clerical work, trained nursing or other professions open to women.

The home assistant will work eight hours a day for a salary of \$15 a week. She will not live in the home of her employer or take her meals there. She will have an hour for luncheon, when she can go to a restaurant or eat a lunch which she has brought with her just as she would were she employed in a factory. The employer will not address the home worker by her first name. She will be Miss Smith or Mrs. Brown, as the case may be.

Applicants for the course are carefully selected, and registrants are appearing in large numbers. With the same independence as to recreation hours, places of eating and living as the factory girl, house-work has a greater appeal, as being a less monotonous and more interesting work to the average woman.

The course is a thorough one in plain cooking, waiting on table and door, chamber work, plain sewing, care of children, making of menus and the washing and ironing of light things. Heavy work is to be done by outside workers. On graduation the student receives a certificate which proves her qualification as a dependable home worker capable of attending to all ordinary duties in a home.

The Young Women's Christian Association has been interested in the problem of domestic service both from the standpoint of the employee and from that of the employer for some years. The first commission on Household Employment made its report at the fifth national convention of the Young Women's Christian Association held in Los Angeles, Cal., in May, 1915.

The difficulties of attracting capable women to this field of work were laid to the long hours, lack of independence in arranging recreation hours, lack of opportunities for growth and progress and lack of social standing.

Girls have acquired a distaste for the conditions which govern household work since the freedom they have experienced in working in munition factories. By standardizing domestic service it is believed by the Young Women's Christian Association that a higher type of worker may be attracted to the necessary work in homes.

The American Y. W. C. A. has opened a Hostess House in Germany, which will serve as a residence house and social center for American women war workers who have advanced to do canteen, Red Cross and Signal Corps work with the Army of Occupation.

## WOMEN BEGIN Y. W. C. A. FOREIGN TRADE COURSES

Courses in New York City Prepare  
Girls for South American  
Jobs.

Sensing a sudden call to jobs for American women in South America, the New York City Y. W. C. A. has opened Foreign Trade courses, including classes in shipping, filing orders, trade acceptances, tariff, consular invoices, documents, insurance, mail order trade and other lines of international work hitherto left mostly to men. These classes are designed to meet after-war needs.

South America is receiving particular attention as the Y. W. C. A. is informed of new jobs that are opening in the southern countries. Many girls in New York who combine a desire to see the world with a craving for financial independence are registering with the expectation of going there to get positions when their courses in training are completed.

## WHY YOUR MONEY IS NEEDED—HOW IT HELPS

This Brief Questionnaire Gives Inter-  
esting Information on the  
Victory Liberty Loan.

The government already is exploiting the Victory Liberty Loan, which will be floated in April, in order that the people may start saving for the purpose of investing in bonds of the "Victory Issue." The following brief questionnaire should tend to clarify the mind of any reader regarding the Victory Loan:

Q. The war being over, why is there need of another great popular war loan?

A. The proceeds from the Fourth loan, according to Secretary of the Treasury Glass, were exhausted last December, and the government must have billions more with which to maintain our forces overseas, bring the victors home and carry out its reconstruction plans.

Q. If Uncle Sam's strong-box is empty, how is he paying his after-war expenses?

A. This is being done with money borrowed from the banks at the rate of \$800,000,000 every two weeks, short-term anticipation certificates of indebtedness being issued in return.

Q. As long as the banks are advancing the money, why not let them continue to do so?

A. Because in order to continue to extend credit to the business interests big and little of the country the banks must get back this money—amounting to 20 per cent of their entire resources—when it falls due, as only thus can the prosperity we now enjoy be continued.

Q. Will the Victory Loan be offered to the people on a commercial basis, or will their patriotism again be appealed to?

A. Secretary Glass says the patriotism of the American people will be relied upon to send the loan triumphantly "over the top." It, however, will be made particularly attractive as to rate of interest and period of maturity.

Q. What are the monthly war expenditures of the government at the present time?

A. The latest official figures show that Uncle Sam is expending money at the rate of more than \$2,000,000,000 a month.

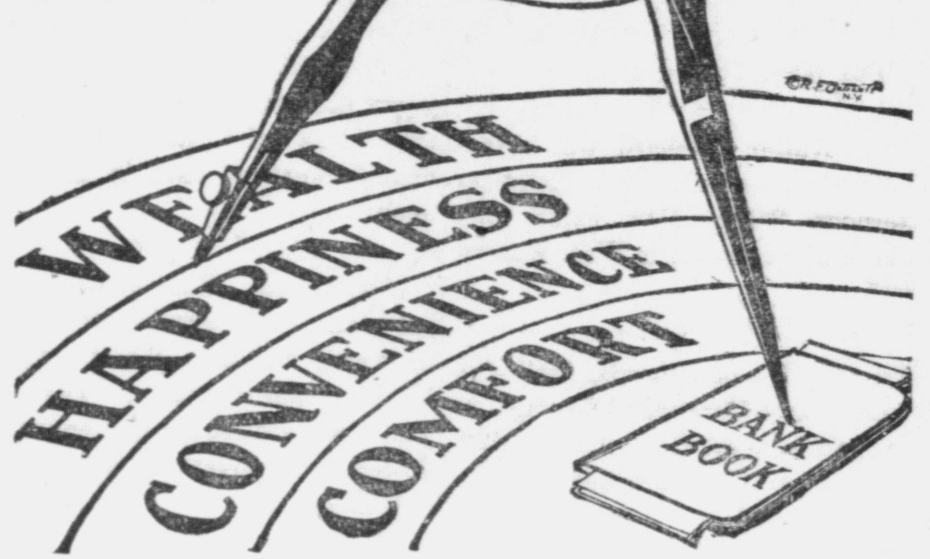

Q. Suppose I bought bonds of preceding issues and feel I can't afford to buy any more Liberty bonds?

A. Uncle Sam has to pay his bills, and you must afford it, even if you have to continue for a further time denying yourself luxuries and apparent necessities. Unless the Victory Liberty Loan is a success the government will be compelled to raise the money it needs by direct taxation, and there are no interest coupons on tax receipts.

# Society

The C. C. card club will meet tomorrow afternoon with Mrs. Alva Bitner east of the city.

The Monday Evening Bridge club will be entertained by Mrs. Walter Hubbard tomorrow evening at her home in West Second street.

Mrs. Walter Hubbard will entertain the members of the Thursday Afternoon Bridge club, Friday afternoon at her home in West Second street.

The Knights of Columbus will give a card party Thursday evening in their hall in West Second street. All Knights and their friends are invited to attend.

The Psi Iota Xi sorority met last evening with Mrs. Fred Arbuckle, at her home in West Second street. After a business meeting the evening was spent socially. At a late hour the hostess served dainty refreshments.

The Pastor's Aid society of the Main Street Christian church held

a business meeting yesterday afternoon in the parlors of the church. A report was given on the last penny supper that was served, which showed that the society cleared \$109.90. Arrangements were also made for the concert to be given by the Welsh Concert company March 6.

Mrs. Carl Beher was hostess for the Tuesday Afternoon Bridge club yesterday afternoon at her home in North Main street. The guests enjoyed the afternoon over the card tables and the hostess served a dainty luncheon late in the afternoon.

Mrs. Sarah Henley delightfully entertained last evening at her home in North Harrison street with an informal dinner party. The table was decorated with a bouquet of flowers and covers were laid for twelve guests.

Mrs. Albert Winship, assisted by Mrs. Ned Abercrombie and Mrs. John Eckle, entertained the members of the Ladies Aid society of the M. E. church yesterday afternoon at the home of Mrs. Winship in North Main street. After a brief business session the regular program was carried out.

Members of the Five Hundred club which meets every two weeks on Tuesday evening, entertained their husbands with a pitch-in supper at the home of Mr. and Mrs. Charles Green in West Fifth street last night. An elaborate supper was served and the evening was spent playing Five Hundred.

Mr. and Mrs. Leonard Wewee entertained at their home Monday evening with a six o'clock dinner party in honor of their son, Howard Wewee, and his wife. Mr. Wewee has just received his discharge from the service at Camp Taylor, Ky., and is visiting his parents for a few days before going to Indianapolis. Those present were Mr. and Mrs. M. A. Cogan and family, Clarence Anthony, Miss Edna Hood, the Misses Mae and Edith Wewee of Indianapolis.

A number of friends and relatives of Mrs. Arnold Orme delightfully surprised her last evening at her home in North Morgan street, the occasion being in honor of her birthday. After a bountiful pitch-in supper was served the remainder of the evening was spent in music and

dancing. The guests present were Mr. and Mrs. Alva Newhouse and family, Mr. and Mrs. Noley Newhouse, Mr. and Mrs. Jacob Webber and family, Mrs. Frank Meliwaite and daughter Mary, Mrs. Eva Offutt and daughter Rema, Mrs. Edna Dagler and son, Miss Effalee Frazier, Miss Eliza Brown of Manila, Byron Newhouse and Russell Orme of Homer.

The members of the Sorosis club enjoyed a very interesting program yesterday afternoon at the home of Mrs. J. T. Paxton in West Seventh street. The program for the afternoon dealt with the Hawaiian Islands. Miss Molly Logan, a returned missionary from India, gave a very interesting talk on her experiences while in India, the first part of her talk dealing with her visit to Honolulu. She also showed the guests views and pictures of that land. A paper was read by Mrs. Britt on "The Islands and Their Resources." The members of the club responded to the roll call by naming products of the Hawaiian Islands. Hawaiian music was furnished throughout the afternoon on the victrola. The hostess served a dainty luncheon to the members and the following guests: Mrs. Will Brown, Mrs. Frank Innis, Mrs. Van Hood of Carthage, Mrs. Lee Welker of Indianapolis and Miss Molly Logan.

## Amusements

### Princess Program.

Marian Davies in "Cecilia of the pink Roses" will be shown at the Princess theatre tonight and "Pathe News" the eyes of the world, also is on the program. Thursday and Friday the big Drury Lane spectacle, "Sporting Life" is on the program. In this story many thrilling scenes are pictured. There will be no advance in price for this picture.

### Romance at The Mystic

"When Love is King," an Edison photoplay in five parts, will be shown at the Mystic theatre tonight. As its title implies it deals with a romance, but there is enough action and spice in it to satisfy the most exacting. The theme deals with the love affairs of a king and a young American girl whose daddy finally buys a kingdom, titles and all, to make smooth sailing for the youthful monarch and his daughter. There is

## PAY AND FILE INCOME TAX BEFORE MAR. 15

U. S. Internal Revenue Bureau Gives Warning That Severe Penalties Will Be Enforced.

### WOMEN WITHIN LAW'S SCOPE; HOW THEY REPORT INCOME

The Income Tax drive comes to a close on Saturday night, March 15. All payments and returns due on that date under the provisions of the new Revenue Law must be in the hands of local Internal Revenue Collectors before their offices close that night.

The Income Tax is being collected to meet the war expenses. Every person who shouted and tooted his horn on Armistice Day is now called upon to contribute his share of the cost of winning the war.

The laggards and the dodgers will face severe fines and jail sentences. The Internal Revenue Bureau announces that its officers will check us all up to see that every person who comes within the scope of the Income Tax law did his share.

#### Where to Pay and File.

Residents of Indiana will make returns and pay their taxes to Peter J. Krueyer, Collector of Internal Revenue, Indianapolis, or to Isaac R. Strouse, Terre Haute, or to any of the deputy collectors who are now doing free advisory work on Income Tax.

Payments sent by mail should be attached to the returns and should be in the form of check, money order or draft. Cash payments by mail are sent at the taxpayer's risk of loss.

If you are unable to make your return personally because of illness, absence or incapacity, an agent or legal representative may make your return.

If there are any doubtful points as to your items of income or allowable deductions, you should get in touch at once with a Revenue officer or a collector for advice.

#### Women Pay Tax.

Women are subject to all the requirements of the Income Tax. Whether

### SQUARE DEAL FOR EVERY INCOME TAX PAYER

Washington, D. C. — "The rights of all persons now filing Income Tax returns are amply protected by provisions for abatement, refunds and appeals," says Commissioner Daniel C. Roper.

"Every person can be sure of a square deal. No person is expected to pay more than his share of tax. His share is determined solely by the amount and nature of his net income for 1918, as defined in the law.

"Abatement petitions are dealt with open-mindedly. Refunds will be made in every case where too much tax is erroneously collected.

"The Income Tax is 'on the level' all the way through."

single or married, a woman's income from all sources must be considered.

If unmarried, or if living apart from her husband, she must make her return for 1918 if her net income was \$1,000 or over.

If married and living with her husband, her income must be considered with the husband's in determining the liability for a return. Their joint income, less the credits allowed by law, is subject to normal tax. The wife's net income is considered separately in computing any surtax that may be due. Husband and wife file jointly, as a rule. If the husband does not include his wife's income in his return, the wife must file a separate return.

#### Severe Penalties.

The new Revenue Law places severe penalties on a person who fails to make return on time, refuses to make return or renders a fraudulent return. For failure to make return and pay tax on time a fine of not more than \$1,000 is named, and 25 per cent of the tax due is added to the assessment. For refusing wilfully to make return, or for making a false or fraudulent return there is a fine of not exceeding \$10,000 and imprisonment of not exceeding one year, or both.

#### Farmers' Income Taxable.

Every farmer and ranchman who had a fair or a good year in 1918 must heed the Income Tax this year. He must consider all his income as taxable. He is entitled to deduct from his gross income all amounts expended in carrying on his farm. The cost of farm machinery, farm buildings and improvements cannot be deducted. The cost of live stock, either for resale or for breeding purposes, is also regarded as investment.

#### Overtime and Bonuses Taxed.

Salary and wage earners must consider as taxable every item received from employers and from other sources. Bonuses and overtime pay are to be reported, as well as the regular payments.

#### Allowances for Losses.

Losses sustained in 1918 and not covered by insurance are deductible items if incurred in the taxpayer's business or trade, in any transaction undertaken for profit, or arising from fire, storm, shipwreck or other casualty, or from theft.

## THIS TELLS HOW TO FIGURE INCOME TAX

Squarely Up to Every Individual to Get Busy by March 15 or Suffer Penalty.

"Don't wait until the final due date, March 15th, for paying your Income Tax and making your return. Avoid the last minute rush. Any person can figure out his liability today as well as he can next week, and if there is any point on which he needs advice he can now get in touch with a Revenue man."

This word of advice is being given out by Internal Revenue men. Returns and payments are being collected in Indiana by the following Collectors of Internal Revenue:

Peter J. Krueyer, Indianapolis.

Isaac R. Strouse, Terre Haute.

Every aid of their offices and field forces is being given freely to the public.

But the Income Tax men will not pull your door-bell or your coat-tails, according to the Collector's announcement. It is squarely up to every individual to figure out his own case and to get busy if he comes within the scope of the new Revenue law.

#### Did You Earn This Much?

Every unmarried person who received income averaging \$19.25 a week during 1918 and every married couple who jointly received income averaging \$38.50 a week should secure at once from the nearest Deputy Collector or the nearest bank a blank Form 1040 A. That form contains the information he will need to enable him to figure his correct net income and any tax that he owes the Government.

The law requires that every unmarried person who had a net income of \$1,000 or over and every married person whose net income was \$2,000 or over (including the income of husband or wife, and the earnings of minor children, if any) must make a return on or before March 15th. And this requirement does not hinge on whether the person owes a tax.

#### Taxable Income.

An individual must include under gross income all gains, profits and income derived from salaries, wages, or compensation for personal service of whatever kind and in whatever form paid, or from professions, vocations, business, sales or dealings in property

of all kinds, interest, rent, dividends, or profits derived from any source whatever. Very few items of income are exempt.

Deductions include ordinary and necessary business expenses, interest paid or accrued on indebtedness, taxes of all kinds except Federal income and excess profits taxes and assessments for local benefits, losses actually sustained, debts ascertained to be worthless, and depreciation on buildings, machinery, fixtures, etc., used in business. A further deduction is allowed for contributions to corporations operated for religious, charitable, scientific or educational purposes or for the prevention of cruelty to children or animals to an amount not exceeding 15 per cent of the taxpayer's net income as computed without the benefit of the contribution deduction.

The taxpayer is not allowed to deduct any personal, living or family expense, any amount spent for improving property, or any expense of restoring property or making good its exhaustion for which an allowance is claimed under depreciation.

#### Figuring the Tax.

Before figuring the normal tax the dividends are deducted as credits from net income, together with the personal exemption. As in previous years, dividends of domestic corporations are exempt from normal tax when received by the stockholder.

The normal tax rates for citizens and residents are as follows: On the first \$4,000 of net income in excess of the credits the rate is 6 per cent; on any further taxable income the rate is 12 per cent.

The surtax rates apply to net income of each individual in excess of

## WHAT ABOUT YOUR INCOME?

## Executor's Sale! of Personal Property and Real Estate

Notice is hereby given by the undersigned executor of the estate of Harriet Z. Stiers, deceased, that at 12:30 p. m. on

WEDNESDAY, MARCH 19, 1919,

he will sell at public auction at the late residence of said decedent, 2 miles north and one-half mile east of Mays, Indiana, the following property and real estate:

**PERSONAL PROPERTY**—Said personal property consists of: one aged driving mare; 2 brood sows, due to farrow the first of May; 80 bushels of corn; 150 bushels seed oats; hay; straw; buggy and harness; 10 gallon of lard; 1 barrel of meat; a lot of tools; household goods and cooking utensils too numerous to mention.

**REAL ESTATE**—Said real estate consists of 59.16 acres off of the north end of the northwest quarter of Section nine (9), Township fifteen (15) north, Range ten (10) east in Rush County, Indiana, all cleared except 6 acres. Four room frame house, good new barn, 24 feet by 36 feet. Good driven well; corn crib.

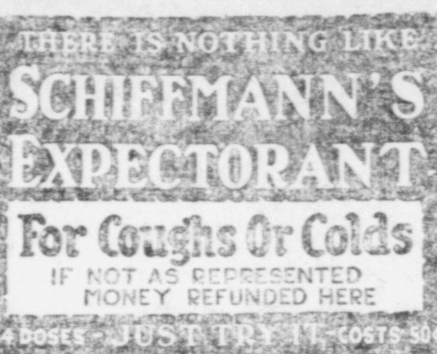

Located 2 1/2 miles from Mays; 2 1/2 miles from Dunreith; 5 miles from Lewisville.

**TERMS OF SALE**—Personal property will be sold on the following terms: All sums of \$5.00 or under, cash; on sums over \$5.00 a credit will be given to September 1, 1919, without interest, purchaser giving his note with approved security.

The Real Estate will be sold on the following terms: One-third of purchase price, cash on day of sale; one-third in six months and the remaining one-third in twelve months from day of sale, with the privilege to purchaser of paying all cash. Deferred payments, if any, to be evidenced by notes of purchaser drawing interest at the rate of 6% per annum and secured by first mortgage on the real estate sold.

FRANK WARRICK Executor.

DUSTY MILLER, Auctioneer.

### "FLU" AT COLLEGE—WELL

H. W. Baker, Wharton, Ohio— "Went for Military Training at Findlay College. Ran right into the 'flu.' Was very ill. Took Hull's Superlative. Well in two days."

Your druggist has Hull's Superlative.—(Adv.)

\$5,000. The personal exemption and the dividends are not deductible before computing surtax. In the case of returns by husband and wife, the net income of each is considered separately in computing any surtax that may be due. Form 1040 should be used for making returns of net income exceeding \$5,000, and the instructions on that form will show how to figure the surtax.

#### Business House Returns.

Employers and others who paid wages, salaries, rents, interest or similar determinable gains in an amount of \$1,000 or over during 1918 to any person must file an information return with the Government. Blanks may be secured from the Collector.

Every partnership must file a return showing its income and deductions and the name and address of each partner, with his share of the profits or losses during the past year. Personal service corporations will file similar information for 1918.

# An Attack of Influenza Often Leaves Kidneys In Weakened Condition.

Doctors in all parts of the country have been kept busy with the epidemic of influenza which has visited so many homes.

The symptoms of this disease are very distressing and leave the system in a run down condition. Almost every victim complains of lame back and urinary troubles which should not be neglected, as these danger signals often lead to dangerous kidney troubles. Druggists report a large sale on Dr. Kilmer's Swamp-Root which so many people say soon heals and strengthens the kidneys after an attack of grip. Swamp-Root, being an herbal compound, has a gentle healing effect on the kidneys, which is almost immediately noticed in most cases by those who try it. Dr. Kilmer & Co., Binghamton, N. Y., offer to send a sample size bottle of Swamp-Root, on receipt of ten cents, to every sufferer who requests it. A trial will convince any one who may be in need of it. Regular medium and large size bottles, for sale at all druggists. Be sure to mention this paper.—Adv

The combination sale was largely attended Monday. The C. W. B. M. Mrs. Walter Combs and children Marcella and Charles William were

week end guests of Mrs. Alice Combs.

netted a good profit from the sale of the lunch at noon.

Miss Minnie McConnell was visiting in Connersville Saturday.

# TROOPSHIP TOLL FIGURED AT COST

The United States is Not to Pay Great Britain any Margin for a Profit for transportation

## THREE CLASSES OF SHIPS.

Washington, Feb. 26.—An agreement between the United States and the British government on the amount to be paid for the transportation of American troops to France during the war in British ships is based on cost of transportation, with no margin for profit.

Brig. Gen. Hines, chief of the embarkation service, went to Europe for the purpose of working out the details of this agreement with Lord Reading, British Ambassador to the United States who arranged the project of employing the British ships with Secretary Baker when the German drive last spring caused the American army to be rushed to France.

No figures were then discussed, but when the Ambassador and Gen. Hines met in London the books of the British government showing the cost of operation were produced and the conferees agreed as to the actual cost. Three classes of transportation are provided for, the first and second being for officer accommodations and the third for the hundreds of thousands of enlisted men taken overseas in British bottoms.

# A Woman's Health

means everything to her. So many of our American women are weak, out of health, and suffering from the peculiar weakness of womanhood. To build up, strengthen and cure these weaknesses, there is nothing so good as Dr. Pierce's Favorite Prescription. This is a woman's true health tonic. It does not contain a particle of alcohol, nor anything deleterious to women's delicate constitution. For fifty years it has proven its merit, and can now be had in tablet as well as liquid form at almost any drug store, or send 10c for trial package of tablets to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. Write Dr. Pierce for free medical advice if there is need.

That weak back accompanied by pain here and there—extreme nervousness—sleeplessness—maybe faint spells, chills or spasms—all are signals of distress for a woman. She may be growing from girlhood into womanhood—passing from womanhood to motherhood—or later suffering during middle life, which leaves so many wrecks of women. At any of these periods of a woman's life, "Favorite Prescription" is the best health tonic and nerve prescriber for just such cases by a physician of vast experience in the diseases from which women suffer.

# You Can't Rub It Away; Rheumatism is in the Blood

**Liniments Will Never Cure.**  
If you are afflicted with Rheumatism, why waste time with liniments, lotions and other local applications that never did cure Rheumatism, and never will?  
Do not try to rub the pain away, for you will never succeed. Try the sensible plan of finding the cause of the pain, and go after that. Remove the cause, and there can be no pain. You will never be rid of Rheumatism until you cleanse your blood of the germs that cause the disease. S. S. S. has never had an equal as a blood purifier and scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all trace of the disease from their system.  
Get a bottle of S. S. S. at your drug store, and get on the right treatment to-day. If you want special medical advice, you can obtain it free by addressing Medical Director, 23 Swift Laboratory, Atlanta, Ga.

## PERFECTED VALVE-IN-HEAD MOTOR

Examine all other cars and then investigate the famous NASH SIX. There are seven different body styles of Nash passenger cars, besides three models of trucks. Remember our government used \$37,000,000 worth of Nash trucks.

INVEST IN SOMETHING STANDARD.

## TWO MIGRANT ROBINS FIRST TO RETURN FROM WINTER IN SOUTH

By BERT MOSES

In a hike through the river bottoms yesterday morning I saw and heard so many song sparrows that I gave up the thought of counting them. They are among our earliest songsters and their notes are both sweet and inspiring. This bird can easily be identified not alone by its characteristic song but a dark spot right in the center of its breast. In singing, he nearly always flies to a conspicuous perch on fence or shrub, and there, in plain sight, pours forth his harmonious lay, remaining motionless between his verses.

It was a bit raw and windy yesterday, but the air was bracing, and the river bottoms reverberated with the songs and calls of birds. I was fortunate enough to see a robin along the race north of the C. I. & W. tracks. It was probably the same individual I observed in January, for it was in the same neighborhood. Robins reported early in the year are usually the occasional birds that stay over all winter. This morning, however, two migrant robins were seen along Perkins street. These are probably the first to reach here from the South.

I noticed the same kingfisher again. He has a beat like a policeman and rarely leaves it. I counted and heard twelve cardinals. They were not quite so exuberant as the song sparrows, and for that matter few birds are. The male cardinal's winter coat is rather dull but now, as Spring approaches, he is taking on his brilliant apparel and will soon flash across our vision a thing of flaming red.

One flicker was seen. This bird is commonly called the yellow hammer. He is a beautiful and useful creature. In summer, when you see him hopping over your lawn and sinking his sharp bill deep into the soil, he is seeking ants, which are his favorite food. He will attack a hidden ant's nest, peek a hole in it, and then run his long, rough tongue

down the hole and gather in the ants. Always endeavor not to frighten the flicker away. He will help keep your lawn in good condition.

I saw three white-breasted nuthatches this trip. It is a rather rare bird, which comes down a tree head first, peering into the crevices of the bark from above. He has a long pointed bill, and his back is gray, his breast light colored and there are white and black markings on the end of his wings. As he searches the cracks in the bark for insect and larvae he utters a characteristic "Honk" "Honk" that you easily remember after once hearing it. The nuthatch is a highly useful bird, and destroys bugs and other harmful things in great number working from daylight to dark the year 'round.

Three hairy woodpeckers were seen during the trip. Some people call this bird the sap-sucker. The male has a red spot on top of his head while the female has not. The hairy woodpecker comes down a tree tail first—just the reverse of the nuthatch. As he comes down he looks up under the bark for insects, while the nuthatch looks down. In this way it is difficult for harmful insects to breed and hatch out under the bark of trees. Don't ever harm a nuthatch or woodpecker. They are needed in Nature's plan to destroy the enemies of vegetation. The hairy woodpecker is a trifle larger than the downy woodpecker, and can be identified by the white and black stripes on its wings, which run cross-ways. In the downy the stripes run the long way of the wing.

Many people seem to have been interested in the little bird story I wrote for the Daily Republican last week. Some have asked about the purple grackle. This is a bird which is often confused with the common blackbird but it is larger. While its main coat is solid black, it has a highly iridescent head and neck, and in the sunshine it appears a glossy sheen of purple. It does not hop, but walks in the stately style of the common crow. Usually it goes South late in the Fall, and is one of the first birds to return in the Spring. The flock I mentioned last week was the first I ever knew to remain North during the winter.

Birds are wonderful creatures. Once become a student of these feathered families, and they will be found of consuming interest. Many have habits that are not generally known, and some show degrees of intelligence that you would hardly think possible in bird creation.

Feb. 24, 1919.

## PROTEST IN SENATE HAS BROUGHT RESULTS

Objection to Ministers Referring to Action on Dry Measures Put End to Practice

### SEN. HAGERTY IS SATISFIED

(By United Press.)

Indianapolis, Ind., Feb. 26.—Since Senator Charles Hagerty, of South Bend, protested against ministers referring to the enactment of the prohibition bill and the ratification to the dry amendment to the national constitution none of the ministers who have opened the Senate with prayer, has referred to that issue. Senator Hagerty stated today he is satisfied with the outcome of his protest despite the protests and condemnations which have been heaped upon him for making such a protest.

The Rev. E. S. Shoemaker, leader of the Indiana Anti-Saloon League, today stated that he has not been in any way connected with the Hagerty affair, and denied emphatically that he had at anytime mentioned or suggested along what lines the opening prayer of any minister appearing before either the House or Senate should be.

"Personally I would not mention issues in a prayer before either body of the legislature, and never would have done so," said the Rev. Mr. Shoemaker.

### ALLIED BLOCKADE LIFTED

Paris, Feb. 26.—The allied blockade in the eastern Mediterranean Sea has been lifted.

## The World's Tractor

This one man single unit two wheeled Tractor weighs 1700 pounds and in ten hours will plow four acres. Disc twenty acres with a seven-foot tandem disc. Harrows forty-five to fifty acres with a 15-foot harrow. Plant twenty to twenty-five acres of corn, cultivate 20 acres with a two-row cultivator. Harvest ten acres with a corn binder. Cut twenty acres of wheat with an eight-foot binder. Mow fifteen acres with five-foot mower rake or pull a hay loader; and in addition can be used for belt work not requiring to exceed ten to twelve horse power.

This Tractor has been in use for four years and is not an experiment. It is superior in every detail of construction.

When the Indiana Silo Company went into the Tractor business four years ago, they found the trouble with Tractors was that they were always laid up for repairs. They have solved that part; they have so constructed it so as to reduce repair bill to a minimum and is so simple any boy can operate.

Tractor will be in Rushville, Saturday, February 15th, and will be more than pleased to demonstrate it as soon as weather permits.

## DEFINITION OF TERM NET INCOME

Deductions Allowed in Paying Federal Tax Include Ordinary and Necessary Expenses

### CHANGES IN THE 1917 ACT

Contributions For Charitable, Religious or Educational Purposes May be Deducted

"Net income" for the purpose of making out an income tax return, is gross income less certain deductions provided for by the revenue bill. The current act allows the ordinary and necessary expenses, and specifically includes salaries for personal ser-

THE man or woman afflicted with backache, swollen muscles, stiff joints, rheumatic pains or other symptom of kidney trouble is entitled to sympathy and should have help.

Nature gives early warning of kidney trouble by puffiness under eyes, spots before the eyes, dry mouth, biliousness, weakness and pale, waxy, dry skin.

It is unwise to neglect the slightest symptom of kidney trouble. Give the kidneys the help they are calling for.

### Foley Kidney Pills

tone up weak, inactive, sluggish kidneys and help rid the body of poisons. With kidneys and bladder properly functioning, appetite is restored, refreshing sleep is possible and health, strength and energy come as a natural result.

C. F. Reynolds, Elmira, N.Y., writes: "Three months ago I was sick in bed with kidney trouble. My back ached so severely I could not get up. We read of Foley Kidney Pills, so I sent for some and commenced taking them. In a few days I was up out of bed and upon keeping the treatment up for some time I was able to go to work, and have had no more backaches."

## FARMERS INSTITUTE IS TO BE HELD AT MILROY

Final Arrangements Have Been Made Two Speakers Have Been Secured

### GOOD ATTENDANCE ASSURED

The Anderson township Farmers Institute will be held at Milroy Saturday and promises to be one of the best of the series held this year. Much interest has been taken in the work and a good attendance is assured. The details of the program have been finished and two speakers have been secured.

R. L. Thompson, an emergency farm agent of Topeka, Indiana, comes highly recommended and will speak on "Breeding and Feeding Hogs." His talk will be very beneficial to those who wish to improve their own farm practices and wish to see their community advance in the farm work. Mrs. E. K. Givens of Freedom, Indiana, has had about fifty years experience on the farm and her lecture on "The Business Boy" will be of great interest to all. Having spent all her life on the farm, she is fully acquainted with all the problems of the farm and the farm home. Her address will be of special interest to the women of the farm.

This meeting will be held all day and farmer of Anderson township are urged to attend.

## JANUARY EXPORTS EXCEED OTHER MONTHS

Exports for the Month are Greater Than any in the History of American Commerce

### VALUED AT \$623,000,000

Washington, Feb. 26.—January exports from the United States valued at \$623,000,000, were announced by the Department of Commerce yesterday as exceeding any previous month in the history of American commerce. They come with \$505,000,000 for January, 1918, and \$566,000,000 for December, 1918.

During the seven months ended with January exports from the United States totaled \$3,798,000,000, as compared with \$3,450,000,000 for the corresponding period one year ago.

Imports during January were valued at \$213,000,000, the report said, leaving a net trade balance in favor of the United States for the month of \$410,000,000. Imports during January, 1918 were valued at \$234,000,000 and during December, 1918, at \$211,000,000.

## Buy Your Moline Tractor Now

## Because:

You may not be able to get a Moline-Universal if you delay ordering.

You will help relieve spring congestion of shipping by buying now.

You will have plenty of time to become familiar with its construction and operation before the spring rush and will be able to work your tractor in on belt work and other light jobs.

It is the only tractor which does all farm work including cultivating.

One man operates both tractor and implement from the seat of the implement where you must sit in order to do the best work.

Tractor and implement form one unit—backs as easily as it goes forward—turns in a 16-ft. circle.

It has plenty of power for your heaviest work, yet light in weight to operate economically on light jobs. All the weight on two big drive wheels—no dead weight—no extra expense.

Substantially constructed for many years of service.

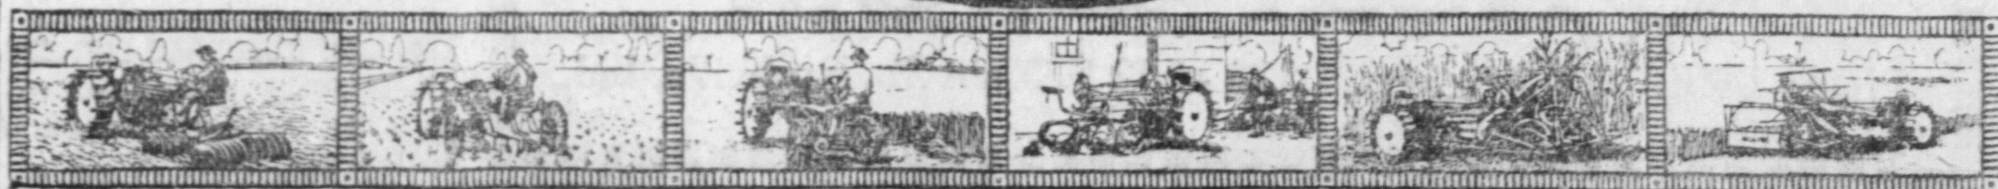

Electric lights for night work and self starter for non-robust labor.

You can practically double your efficiency—you can produce more food with less help. You will need it, order now.

SUPERMAN ARE BUSY  
FIXING YANKS SHOES

Discharged German Soldiers Have Changed From Fighting to Mending Soldiers Shoes

GLAD OF THE OPPORTUNITY.

(By United Press.)

Coblentz, Feb. 2 (By Mail)—From fighting American soldiers in the Argonne to voluntarily repairing shoes for these same Americans is a long jump. Several score discharged German soldiers have made it.

In their withdrawal from the Rhine the German army left behind about 80,000 pounds of shoe leather, and a large quantity of shoe machinery. Maj. Lewis Landes of the salvage department conceived the idea of using the leather and machinery to repair the footgear of the troops in the occupied area, thereby saving the shipping space necessary to ship the shoes to France and back again. So he set up a big repair shop with about 100 German employees hired in Coblentz. About half of these are demobilized soldiers who were glad to get work, even at repairing the shoes of their enemies.

GYPSIES MOVE ON.

The band of gypsies which has been causing a disturbance in the eastern part of the county for several days' moved on yesterday afternoon and local authorities did not go after them yesterday afternoon as was planned. Charles Newhouse, living south of Glenwood, telephoned the sheriff's office that the gypsies had left.

WEAKNESS REMAINS  
LONG AFTER  
Influenza

Reports Show That Strength, Energy and Ambition Return Very Slowly to Grippe Patients.

After an attack of influenza, doctors advise that nature be assisted in its building-up process by the use of a good tonic—one that will not only put strength and endurance into the body, but will also help to build up and strengthen the run-down cells of the brain.

One of the most highly recommended remedies to put energy into both body and brain is Bio-feren—your physician knows the formula—it is printed below.

There's iron in Bio-feren—the kind of iron that makes red blood corpuscles and creates vigor. There is lecithin also; probably the best brain invigorator known to science. Then there is good old reliable gentian, that brings back your lagging appetite.

There are other ingredients that help to promote good health, as you can see by reading this formula, not forgetting kolo, that great agent that puts the power of endurance into weak people.

Taken altogether Bio-feren is a splendid active tonic that will greatly help any weak, run-down person to regain normal strength, energy, ambition and endurance.

Bio-feren is sold by all reliable druggists and is inexpensive. For weakness after influenza patients are advised to take two tablets after each meal and one at bed time—seven a day, until health, strength and vigor are fully restored.

It will not fail to help you and if for any reason you are dissatisfied with results your druggist is authorized to return your money upon request—without any red tape of any kind.

Note to physicians: There is no secret about the formula of Bio-feren, it is printed on every package. Here it is: Lecithin; Calcium Glycero-phosphate; Iron Peptonate, Manganese Peptonate; Ext. Nux. Vomica; Powdered Gentian; Phosphoric Acid; Olearin Capsicum. Kolo.

**KEEP THE LOAN FIRES BURNING, WORKERS!**

"Finish the Job" Should Be the Slogan of Victory Liberty Loan Leaders of Seventh District.

**SOLDIERS STICK TO POSTS**

Chairmen and Their Aids Must Not Quit Until All the Government's War Obligations Have Been Discharged.

Returns at the five state headquarters in Chicago show that the county chairmen and other important workers in the Seventh Federal Reserve district are signing up for the fifth big loan. They are actuated by the same sense of duty, it is reported, as fills the breasts of the soldiers now held in France. The soldiers over there long for home; but they realize that their work is not done. Garrison must be held along the Rhine until peace has been formally signed and the terms of the peace treaty have been carried out.

In the same way it is generally recognized by chairmen and other workers throughout the Seventh Federal Reserve district, the men who are responsible for the financial part of the war, cannot quit until the financial obligations are discharged. The big bills for any undertaking come in immediately after the completion of that work. It would be an irresponsible business man, it is conceded on all hands, who would refuse responsibility for that part of his contractor's bills that came in after the driving of the last nail.

The Fourth Liberty Loan paid off the then outstanding treasury certificates of indebtedness and furnished enough new money to carry the government until mid-December. Since that date the treasury department has been borrowing from the banks at the rate of \$300,000,000 a week, and by the time the Victory Loan is offered will owe nearly six billion dollars. The Fifth loan money will pay off these bank loans and carry the government

**A CLEAR COMPLEXION**

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

until the money raised under the 1918 revenue act begins to come in.

The sudden termination of the war brought an increase in the day to day military expenditures. The total for December passed, for the first time, the two billion mark. The January total was slightly less, but exceeded any other month except January. February promises to show a considerable decrease. The high daily outlays since the end of fighting have been due to the liquidation of the war machine, and were unavoidable. There is still a great mass of contract obligations to be cleared away—contracts entered into by business men for the rush production of munitions that would have been absolutely essential had the war gone on for a few weeks or months longer.

Chairmen and workers who happen to hear of anyone who is declining to participate in the next loan have ready to their hands a set of the best possible arguments against this sort of conduct.

In the first place the man who refuses to work in the next loan or to buy bonds of the next issue can be charged with being a quitter or a coward. Neither is an especially American attribute. As a nation Americans have the reputation of seeing a thing through. And the fields of France proclaim that they are not cowards.

But the infrequent loan worker who is saying that he cannot find time to participate in the Victory drive, or does not feel any obligation to do so may be charged with cowardice. It is generally recognized where such an attitude is encountered that the man fears the fifth loan will not be a success. The man who is preparing to quit now, it is pointed out, is doing so because he does not want to be identified with a failure. The answer to this is that none of the 6,000 marines who stopped the victorious German march on Paris at Chateau Thierry asked to be excused from going into the fight because he expected it to be a failure. Yet all the foreign military men thought that the Americans could not stop the Germans at this point.

Another argument answers a good deal of half-hearted comment which maintains that it makes no difference whether the banks have to take the loan. But the business man or the wage earner who thinks that it makes no difference to him is decidedly mistaken. If the public does not take the bonds the banks, as everyone knows, must do so. Now on December 31 the national banks of the country had resources of \$20,042,224,000. This was the first time in the nation's history that the total ever got above the twenty-billion mark.

This enormous banking power shows, for one thing, that the nation can take another six billion loan with ease if the organization gets out and works. But it also shows something else. The twenty billion, of course, is greatly more than the total that is actually available for credit operations. If the banks should have to take the greater part of the next loan, and to add this burden to the more than two billion now tied up in Liberty loans, and the additional treasury certificates that will be issued next summer and fall, there will be a very much reduced balance for general business credit accommodation.

Everyone knows what credit limitations did to business in the days when fighting was going on. The readjustment pause that has followed has lessened the demand, but the minute business starts forward on the reconstruction boom, as it will in a short time, every dollar of credit facilities possible will be in demand, and any such limitation as a failure of the

loan would entail would mean business stagnation and unemployment. Every loan worker in the Seventh Federal Reserve district must realize that the success of his own business, or the size of his own pay envelope, is tied up with the success of the government's financial plan.

Finally, the nation has such an enormous amount of new wealth that it is impossible to assume that the loan will fail. Everything says that, unless patriotism and common sense were both stricken dead in every American breast upon the signing of the armistice, the loan will be a success. National bank deposits in 1913 amounted to only \$8,051,689,087; today they amount to \$15,051,000,000. Farm profits on the 1918 crop have been enormous and the 1919 crop promises to be the greatest in history. The hard-coal mines of the country produced 76,649,918 gross tons of new wealth in 1918 and the petroleum wells added 345,500,000 barrels of oil. The national balance of trade—the excess of exports over imports—has grown from \$252,677,921 in 1909 to \$3,150,000,000 in 1918. In four short years we have changed from a debtor nation owing \$4,000,000,000 abroad, to a creditor nation that is owed \$10,000,000,000 by foreign nations and their people. And lastly, American banks hold the greatest accumulation of gold ever known in history—as much as is owned by the next eight most wealthy nations put together.

Any citizen who fears that the fifth loan cannot and will not be subscribed has little of the courage and confidence that made America famous at Chateau Thierry and Cantigny and in the Argonne Forest.

HELP "FINISH THE JOB."

**WOMEN BIG HELP ON VICTORY LIBERTY LOAN**

Preliminary Work is Well Mapped Out—Big Showing in Former Loans to Be Exceeded This Time.

Preliminary returns show that the women workers of the Seventh Federal Reserve district are out to make a big showing in the Victory Liberty Loan. Women chairmen and workers are everywhere signing up for the fifth campaign. There have been very few resignations, it is reported, from women who felt that their obligation to the nation had ended because the fighting in France was ended.

On the contrary, it is asserted by Miss Grace Dixon, director for women, Seventh district, and by other leaders in the women's loan activities, the women workers feel more strongly than ever their obligation to get out and personally go after bond subscrip-

tions. The very fact that individuals are found who do not appreciate the obligation resting upon the civilian population has aroused in double force the patriotic sense of duty in the breast of the women workers. These are asserting through letters received at Chicago headquarters by every mail that they intend to work twice as hard as in any preceding loan—if that be possible—in order to counteract the "quitter" sentiment that is manifesting itself among certain individuals in every community.

Preliminary work is well mapped out in a majority of the counties in the district. It is planned to have a larger number of women workers enrolled everywhere than was the case in the preceding loans. Workers already are securing pledges from recruits and veterans and it is promised that a better showing will be made in every state than in any of the Liberty loans so far placed.

The Fifth loan, it is pointed out, will come at a time when women on the farms and in the smaller communities can give an especially large amount of time to the loan work. The drive, coming in April, will precede the active farm and garden work and the women will, therefore, be in a position to concentrate on the campaign in a way they were unable to do in the Fourth loan.

The results of the Victory Loan are expected to prove a monument to the patriotism and self-sacrifice of the women of the Seventh Federal Reserve district, for the spirit of service is the animating principle of the American people at this time.

HELP "FINISH THE JOB."

**OUR PRAYERS**

By JEAN MAHAN PLANK.

We pray and we weep with emotions that weary us;  
Ready to worship our heroes of war,  
We put them on pedestals high as old Sirius,  
Gaze at them proudly or cheer from afar  
If we'd get in touch with Divine Law mysterious,  
Draw fire to forward our impulses fond,  
'Twould carry the message to God that we're serious  
If we backed up our prayers with a Liberty Bond.

**FRISCO FEELS QUAKE**

San Francisco, Cal. Feb. 26.—A slight earthquake was felt here at 2:39 o'clock Tuesday afternoon. No damage was reported.

**Tired, Overworked Men  
What You Need is Vinol**

Vinol creates strength *because* it is a non-secret combination of the most famous body-building and strength-creating elements known—Beef and Cod Liver Peptones, Iron and Manganese and Glycero-phosphates. You who are run down, nervous, lack energy and working strength, we *know* that Vinol is what you need. Try it at our risk. **Here is Proof:**

Sandford, Maine.

"I suffered so much from a run-down, nervous condition and stomach trouble that I never felt like working, and had tried almost everything without relief. The first bottle of Vinol, however, helped me, and it has finally built me up so I feel better now than I have for a long time."—C.D. Haines.

Springfield, Mass.

"I am a night operator—was all run-down, couldn't sleep, had no ambition, all tired out—I had tried blood and nerve tonics without help—and thought I would try Vinol and I must say it has built me up so I feel better, look better and sleep better."—Charles T. Harder.

For all run-down, nervous, anemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

**Vinol Creates Strength****Horses and Mules**

The majority of horses and mules that are out of condition are traceable to worms and indigestion, while worms are very common to colts and young horses. ACME WORM BOUNCER will rid your horses and mules of worms and improve their condition. When preparing your horses and mules for spring work feed them a tablespoonful of

**ACME WORM BOUNCER**

two or three times a day. They will shed better, eat better and do better. When fitting your horses for market, feed ACME WORM BOUNCER—Nothing equal to it.

## HOSPITAL IS DEFEATED BY BIG MAJORITY

Total Vote Against Project is 1,571  
According to Unofficial Figures,  
And 407 For It

VOTE IS WAY BELOW NORMAL

Farmers Defeat Proposal Because of  
Expense Entailed—Site Did Not  
Not Figure in Voting

MAJORITY IN RUSHVILLE TWP.

Every Precinct But 2 Carries For  
Hospital, And One of Them is  
Tie—Vote is 407 to 285

The county hospital project lost in the special election in Rush county yesterday by a vote of more than two to one, unofficial figures today showing 1,571 cast against the hospital and 407 for it.

The proposal to build a general hospital on the old fair grounds was lost because of the farmers' opposition to it. Every township went against it with the exception of Rushville, where the vote was 407 for the hospital and 285 against it.

One precinct in Noble township gave a majority of five votes for the hospital, but every other precinct outside of Rushville township went against the project by a big majority. One township in Rushville No. 8, gave 30 votes for each side, and No. 7 went 37 to 31 against it.

Lack of interest was blamed for the small vote cast. The total vote 2,269, was less than one-half of the normal vote in the county.

The expense of building and maintaining a hospital was the objection voiced by farmers and was responsible for the overwhelming defeat which the proposal suffered. The question of a site did not figure much in the voting.

The special election commissioners will not meet until tomorrow morning, as the law provides, to canvass the vote, and the official tabulation will not be available until then.

Rushville township voted as follows: Precinct No. 1—for 32, against 24; No. 2—for 54, against 47; No. 3—for 49, against 42; No. 4—for 63, against 12; No. 5—for 23, against 18; No. 6—for 37, against 25; No. 7—for 31, against 37; No. 8—for 30, against 30; No. 9—for 45, against 35; No. 10—for 43, against 15.

Only eight votes were cast for the hospital in Ripley township, there being 220 against it.

Walker township gave only nine votes for and 204 against. The Homer precinct voted 3 for and 99 against and the Manilla precinct 6 for and 105 against.

Center township, precinct No. 2 made it unanimous, casting 94 votes against the hospital. A total of 128 were cast against it in No. 1, only ten being for it.

Washington township voted 94 against and 14 for and Jackson township cast the same number in favor and 46 against.

Union township voted 51 for and 99 against. The Gings precinct gave 29 for and 54 against and the Glenwood precinct went 22 for and 45 against.

Noble township's vote was 27 for and 64 against and Richland went against the project by only seven votes, the count being 29 to 22.

Only 24 votes were cast for the hospital in Anderson township, there being 117 against it. Posey township gave 56 for the hospital and 112 against it. Orange township went 136 to 24 against the proposal.

## DEPUTIES ARE ANNOUNCED

Rushville Township Assessor Appoints His Deputies

George Altman, Rushville township assessor, today announced the names of the deputies who will assist him in the annual assessment of property which begins next Saturday. Mr. Altman and John A. Jones will assess real estate in the city of Rushville and Will Morgan will assess real estate in the township outside of Rushville. Dan Spivey and El Jones will look after the personal property in the city and John Joyce will take the personal property outside of Rushville.

## PENNSYLVANIA TRAIN HITS AN AUTOMOBILE

Rush G. Budd and Daughter Narrowly Escape Injury at Sixth Street Crossing Today

HOOD OF MACHINE CAVED IN

Rush G. Budd and daughter, Miss Aline Budd, narrowly escaped serious injury this morning when the machine in which they were driving was struck by a northbound Pennsylvania passenger train at the Sixth street crossing. Mr. Budd was driving and was not aware of the approaching train as there is no watchman at this crossing and drove onto the track.

The car was struck on the hood and was damaged considerably, but was not put out of running order as it was driven to a garage under its own power.

The car was not turned over and the occupants miraculously escaped without a scratch, although they suffered a very severe shock.

## SENATOR WATSON IS IN FAVOR OF LEAGUE

Is Opposed, However, to Certain Phases and Proposals of Tentative Constitution

SPEAKS IN SENATE MONDAY

Senator James E. Watson of this city is not in accord with some of his colleagues who already have voiced opposition to the League of nations, according to a dispatch from Washington today. In contrast with them he rather favors a league or any sort of an organization that will tend to preserve peace in the world, but he is violently opposed to some of the articles of the constitution that is tentatively proposed for the league. When he speaks next Monday it will be to declare himself squarely in favor of a league but he will strike out hard against certain phases and proposals of the constitution that has been announced.

One of the things to which Senator Watson is strongly opposed is the manner in which the league will be formed, whereby the league in his opinion, will be dominated by European and Asiatic nations and be able to call on this country for fighting men and fighting ships to be sent any place where needed to keep down trouble. The league, he says, according to the dispatch, will be dominated by the countries of the old world, and especially by Great Britain because of the representation in it of her several colonies.

However he sees many good things about the league and believes that it can be so modified and changed to meet the objections now contained in its proposed constitution. There are no better orators in the Senate than Senator Watson and an announcement that he is to speak is certain to attract one of the record crowds to the Senate galleries.

## FINAL APPEAL TO BE MADE TO PEOPLE

President Wilson Will Ask Support of League Before he Returns to France

WORK ON TERMS PROGRESSES

Popular Disapproval of Proposal League is Predicted by Senator Cummins Today

(By United Press.)

Washington, Feb. 26.—President Wilson probably will address a final appeal to the American people support of the league of nations just before he sails for France next month.

Arrangements are under way for him to make the speech in New York city on March 4 or 5.

Committees Are at Work

Paris, Feb. 26.—Preparation of the preliminary peace settlement with Germany continued today. The work is in the hands of the various committees handling the details but Marshal Foch has conferred with the Supreme war council on matters affecting Germany's military status, after the pact is signed.

All members of the committee on reparations has been asked to submit figures representing their ideas which should be used to collect from Germany, together with methods of collecting.

The committee on responsibility for the war is understood to have reached the point where the culpability of various industries is being discussed. Territorial questions are progressing rapidly toward adjustment.

Cummins Against League

Washington, Feb. 26.—Popular disapproval of the proposed league of nations was forecasted by Senator Cummins of Iowa, republican, today in a speech to the senate.

He urged a substitute plan which he said is the "international compact which the American people are waiting, hoping, and praying for." Cummins described the Paris constitution as "the most destructive, unjustifiable and reactionary proposal which was ever submitted to a patriotic and intelligent people."

## WILSON SPEEDS UP FINAL LEGISLATION

Intimation That he Would go to Capitol Brings Action on Several Bills Today

VICTORY LOAN BILL PASSES

(By United Press.)

Washington, Feb. 26.—President Wilson's intimation that he would go to the capitol to urge immediate passage of the final legislation, today speeded congress to action.

The senate navy committee decided to report out the big navy bill with the provision that the president could suspend it if the league of nations was formed.

The senate public land committee favors reporting Secretary Lane's bill appropriating \$100,000,000 to reclaim land for returned soldiers.

The Victory Loan bill authorizing a \$7,000,000,000 short term notes issue, was passed by the house 348 to 3. The house adopted the conference report on the \$96,000,000 legislative, executive, judicial bill. The bill as agreed to restores the nine sub treasuries which would discontinue in the original bill and provides for a congressional commission to report on the adjustment and equalization of government salaries.

## INCOME TAX MAN COMING MARCH 3

J. J. Keene Will be at Postoffice Four Days to Help Taxpayers Fill Out Blanks

NO CHARGE FOR ASSISTANCE

Free Advisory Service For Those Who Have To Make Sworn Returns For First Time

J. J. Keene, deputy from the office of Peter J. Krayer, district internal revenue collector, will be at the postoffice here from Monday, March 3 until the close of business Thursday, March 6, to help people of this county to determine their individual liability and comply with the law's requirements as to 1918 incomes.

Mr. Keene's office hours will be from 8 a. m. to 9 p. m. each day and he may be consulted without charge. "Bring your figures, your debts, your problems and your questions, is his invitation contained in the announcement of his coming visit.

"This free advisory service," writes Collector Krayer, "is planned for those who are required for the first time to consider their liability, and to make sworn returns."

"Many thousands must this year file returns who were not affected by the prior federal laws taxing incomes. Here are the requirements:

"Every unmarried person who had a net income of \$1,000 or over during 1918; and every married person who, together with wife (or husband) and minor children, had a net income of \$2,000 in 1918."

"The advice and services of the deputy collector are entirely free, and he is authorized to administer the oath required on returns, free of charge. Persons who are taxable should make payment when filing their returns by attaching check or money-order."

"This tax is a war burden; it is a part of the price of victory, the greatest victory the world has known. I believe the people of this district will meet it fully; and I am offering every facility of my office to aid them to determine their individual liability."

## ALL AUTO LICENSE FEES GO TO STATE

Amendment to State Highway Bill as Reported by Senate Road Committee Today

ROAD TAX IS CUT FIVE CENTS

(By United Press.)

Indianapolis, Feb. 26.—All fees collected by the state on auto licenses shall go to the state highway commission, under amendment to the bill establishing the commission, as reported out by the senate road committee today. As the bill passed the house, \$8,000 of the auto license fees would be distributed among the counties and the remainder go to the state fund.

Other amendments provide: the highway commission must approve all actions taken by the director; the road tax is cut from 15 to 10 cents.

Senator Ratts today introduced a joint resolution providing for a constitutional amendment which would eliminate the portion of the constitution which provides for justices of the peace. Senator Aldredge introduced a bill providing that the state shall pay tuition fees of all discharged soldiers, sailors and marines at state educational institutions.

The Strode-VanAnken's bill providing for establishment of a state free employment agency was recommended for passage with amendments, cutting the appropriation to \$38,000 from \$75,000.

## PETER SCHOBIN SUGGUMBS

Sexton Man Dies of Heart Disease Tuesday Night at 10 O'clock

Peter Schobin, age 57, died at his home in Sexton last night at 10 o'clock, heart disease being the cause of the death. Besides the widow and a stepdaughter, Mrs. Peter Stenger, of Bentonville, he is survived by one brother, William Schobin of Sexton and four sisters, Mrs. Adam Newman of Florida, Mrs. William Miller of Cincinnati, O., Mrs. Frank Cloud of Newcastle and Mrs. Anthony Mosier of Sexton. The funeral services will be held at 10 o'clock Friday morning at the Catholic church. Interment will be made in Calvary cemetery.

## "SAILING DAY" PLAN DISCUSSED AT MEETING

Some Local Shippers Express Opposition at Session With Division Freight Agents

TO FACILITATE SHIPPING

Division freight agents of the four railroads entering Rushville discussed with local shippers today the advisability of installing the "sailing day" scheme, which is designed to facilitate shipping and reduce losses from breakage due to transferring. The meeting was held in the lobby of the sheriff's office in the court house.

Some shippers expressed opposition to the plan because it would increase hauling expense, since in some cases using the most direct route would make necessary shipping in a railroad with no siding at their plant.

C. A. King represented the Big Four; Mr. Curry, the L. E. & W.; Paul Havens, the C. I. & W. and Mr. Maus, who presided and led the discussion, the Pennsylvania.

## "COLD WAVE" TO BE OF SHORT DURATION

Weather Man Predicts Warmer Weather, With Rain or Snow, Tomorrow

NO DAMAGE DONE, IS BELIEF.

The "cold wave" which came yesterday evening as predicted by the weather man, is to be short-lived, according to today's prediction of warmer weather and probably rain or snow for tomorrow. A continuation of the freezing temperature was promised for tonight, however. The fall in temperature yesterday afternoon and evening was very rapid, the mercury dropping below freezing by six o'clock.

A year ago to day the telephone linemen were busy repairing the lines which had been damaged to a great extent by the wind and sleet and it will be remembered that many signs in the business district were being replaced.

It was thought that the sudden change might be of harm to the wheat, but with the sun shining today, it is not thought that the crop will be damaged to a great extent. The temperature in this locality seems to be general throughout the state, but in some places the mercury is reported lower than it was here. Fruit trees and other plants have not developed far enough to be greatly harmed by a freeze, it is thought.

MOTHER IS DEAD.

El Beer, of this city, was called to Versailles, Ind., yesterday, on account of the death of his mother, Mrs. R. F. Beer, who died yesterday morning at ten o'clock at her home in Versailles. The funeral services will be conducted Thursday morning.

## INSTRUCTED TO INVOICE STOCKS

Dealers in Tobacco, Cigars, Cigarettes and Spirits Must Report Under New Revenue Law

SODA FOUNTAINS ARE HIT

Tax on Soft Drinks Not Effective Until May 1—Bonus of \$60 For Persons in Service

Dealers in tobacco, cigars, cigarettes and spirits were notified today, in a letter received by Postmaster G. P. Hunt from Peter J. Krayer, internal revenue collector, that they should invoice their stocks as of yesterday and report to Mr. Krayer on blanks already forwarded, to comply with the provisions of the federal revenue bill which became effective yesterday when the president signed it. The taxes on tobacco and other so-called luxuries are increased in the new law.

Soda fountain owners today were figuring on how they would pay the tax of ten percent on soft drinks, which is imposed by the new law and becomes effective May 1. Those engaged in the business here expect to pay the tax themselves on "all drinks costing ten cents or more, but will likely charge six cents for five-cent drinks. The increased taxes on tobacco will probably result in cigars, cigarettes and package tobacco costing the consumer more.

Articles in the "luxury class" on which new taxes go into effect yesterday include automobile, and motor accessories, pianos, sporting goods, chewing gum, cameras, firearms, candy, slot machines, toilet soaps and art goods. The tax is paid by the manufacturer.

Other features of the tax bill which go into legal effect, but which are retroactive, and which consequently are not practically affected by the time of the signing of the bill, include the following:

Taxes on incomes, excess profits and war profits; estates and inheritances, and excise taxes on a number of special businesses such as brokers, bowling alleys, insurance companies, theater and amusement place proprietors and liquor dealers. Drastic measures to curtail narcotic drug traffic become effective at once.

On April 1, new taxes on railroad and steamship tickets, pipe lines, insurance, theater admissions and club dues, and a variety of stamp taxes become effective. Levies against the excess of value of so-called semi-luxuries, such as articles of dress, will be made after May 1.

The new law also contains a section providing for a bonus of \$60 for all persons who have served in the army, navy, marine corps and nurses corps during the war with Germany. In the case of men already discharged from the service, it is provided that the bonus shall be paid them as soon as practicable and in the case of men not discharged from the service, the bonus shall be given them when they are discharged. It is provided that the bonus shall not be paid to persons who were drafted and did not report for duty to persons who have already received a \$30 bonus under a former act; to heirs of persons who have died, and to persons entitled to retirement pay. In all cases even though they pass to the reserve the bonus is payable.

IS GRANTED DIVORCE

Mrs. Lillie M. Bailey of near Raleigh was granted a divorce by Judge Gause in the Henry circuit court in Newcastle yesterday from Dr. Theodore Bailey who is living in Indianapolis. The case was filed here and sent to Henry county on a change of venue.

### WANT EXTRA SESSION OF CONGRESS CALLED

Democratic Leaders Will Urge President to Take This Action and Will Give Reasons.

#### SEEK IT 30 DAYS AFTER MAR 4.

(By United Press.)

Washington, Feb. 26.—Democratic leaders in the house want President Wilson to call an extra session of congress within thirty days after the end of the present session March 4. They will urge the president to take this action and will lay before him their reason for it at the first opportunity.

The present situation in reference to the shipping program which is necessary for outlining a permanent merchant marine policy, will be one of the main arguments. Another will be the necessity for permanent railroad legislation.

### MAYOR THOMPSON IS PICKED

Nominated For Re-election by Republicans in Chicago

Chicago, Feb. 26.—Mayor William Hale Thompson, republican, yesterday was nominated for re-election in the municipal primary by an indicated plurality of 45,000 over Chief Justice Harry Olson of the Municipal Court with Charles E. Merriam running a poor third.

Robert M. Sweitzer, whom Thompson defeated for mayor four years ago by a record plurality won the democratic nomination from Thomas Carey by from 60,000 to 70,000.

#### ANOTHER SIGN OF SPRING

While others have been watching for the proverbial first robin as the first sign of spring, Mrs. May May, 721 North Main street has made a discovery which is regarded as an infallible sign, denoting the approach of spring. She found blue myrtle in the yard at her home in full bloom. It is unusually early for this flower to bloom. She picked five blooms on Monday.

#### LETITIA DICKSON DIES.

Mrs. Letitia Dickson died at her home in Indianapolis Monday at the age of 94 years. She was an aunt of Mrs. George Guffin, of North Perkins street. Aunt "Lettie," as she was familiarly called, was well known in Rush county especially in the Little Matlock neighborhood. The burial takes place today in Plymouth, Ind., her former home.

### SAYS WAR WAS MERE SKIRMISH

Compared With Battles Ahead, It Was Small, Army Chaplain Tells Rushville Audience

#### WIN-MY-CHUM SERVICES HELD

Dr. Robert Brumlay of Chicago National Figure in Epworth League Work, Speaks Tonight

A talk by Dr. Robert Brumlay of Chicago, a selection, "Deep River," by the Girls High School Glee Club and a violin duet by Miss Marian Kinsinger and Ernest Parke, will be on the program for the Win-My-Chum service at the St. Paul's M. E. church this evening at 7:30 o'clock. Dr. Brumlay is one of the national figures in League work and his being in this part of the country made it possible for him to speak here.

"The war that has just finished is just a skirmish compared to the battles that are before us," stated Chaplain William Saunders of Indianapolis at last night's meeting, in telling about his experiences as a chaplain in the army while stationed at the various training camps in this country.

In a forceful way, the speaker compared the recent war to the conflict for Christianity in winning souls to Christ, that is starting now as never before.

"The soldiers of Uncle Sam have taught us many lessons as Christians. These boys have a vision, they realize that they need preparation to make good soldiers and most of all they consecrate their all to the cause of their country. The best is what Christ calls for and to serve Him well we have to be able to say to Him 'Here I am—take me,'" the speaker went on.

Chaplain Saunders told many amusing as well as pathetic experiences of the boys while in training. During the influenza epidemic, while boys were at the point of death he described how denominations were forgotten and the chaplains served as the ministers of the churches that the boys represented. He stated also that this broad spirit was prevalent in all phases of army life: that Y. M. C. A. and the K. of C. administered to all boys alike, never asking their denomination or creed.

Friday night, will be "Soldiers Night" at the meetings and several of Rush county's soldiers will talk. A social in honor of the soldiers and sailors will follow the meeting, which will be lead by Harold Wolcott.

### TO REPORT FOR A BIG ARMY

Senate Committee to Recommend One of 537,000 Men

(By United Press.)

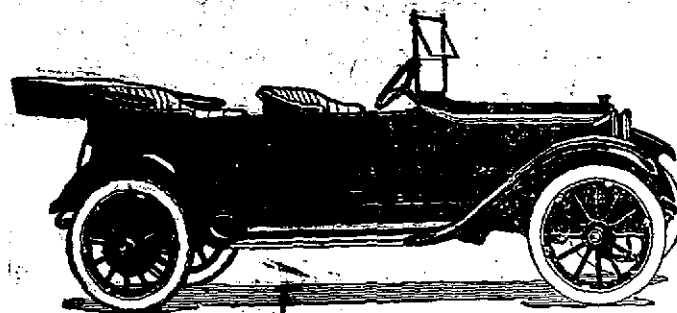

Washington, Feb. 26.—The senate military affairs committee has agreed to recommend an army of 509,000 men and 28,000 officers, as a permanent military force of the country.

The provision was stricken out by the house although an appropriation was left for an army of this size. On the urgent appeal of Secretary of War Baker and Chief of Staff March, the provision for an army of 500,000 was reinstated by the senate committee.

#### PET ANIMAL SHOW SUCCESS

The pet animal show held at Jackson school yesterday afternoon at the close of school, was an unequalled success, it was announced today. receipts amounting to \$57. The sum of \$20 alone was realized on the sale of candy and pop corn. About 40 cages of pet animals were shown.

## DODGE BROTHERS MOTOR CAR

To observe the car on the streets or on the road is to become instantly impressed with its beauty; to drive it is to realize all the responsiveness and power you require in a motor car.

It gets away instantaneously and skims the road silently and smoothly. The engine seems always to have more and still more power when occasion requires.

These qualities, together with the steadiness at high speed, the freedom from gear shifting, the high quality of all materials—are reasons why DODGE BROTHERS MOTOR CAR has always appealed so strongly to the public.

Rushville, Indiana.

### The Reason Why

### We Can Guarantee

If a machine is to be guaranteed for five years it must be built so it won't break down. Every part must be as strong as the rest—no weak points. Something besides "bullstrength and awkwardness" has been brought to bear in the production of the RUSHVILLE SPECIAL Spreader. The theory in developing this spreader has been to remove the unnecessary strain throughout the entire machine, so that the natural strength and staying qualities of good material and good workmanship, could develop the greatest possible strength and durability.

It was on this theory that the BULL DOG beater wheel and the NO-CHOKE Box were conceived and embodied as a part of this machine. These two features reduced the strain and heavy wear on the RUSHVILLE SPECIAL so that at least 30% of the usual strain on other spreaders is absolutely cut out by these inventions.

The SELF-OILING journal bearings, the Litchfield style of a single lever which starts, stops and regulates all parts of the machine, and the general simplicity cuts down the possibility for trouble and breakage to such an extent that the machine is practically "Fool Proof."

The front construction which the circle front and the Litchfield Style of bracing from the front axle to the cross bar under the machine, the END-LESS conveyor with the SELF-CLEANING hinged sections, the self-aligning beater wheel bearings, the riveted teeth in the cylinder bars, the cross trussed and re-inforced frame, the steel hub wheel and other special features found only on the RUSHVILLE SPECIAL Spreader, all combined give the great strength, durability and long life which enables the Litchfield Mfg. Co. to give every purchaser of a standard spreader a written contract guaranteeing it for five years.

All possible cause for trouble, breakage, and accident are studiously removed and overcome. This statement is strong and so is the machine. The Company is behind it and so am I.

C. H. (Nick) Tompkins

—Miss Helen Moore and Andrew Moore visited in Indianapolis last night and attended the Murat theatre.

—P. T. Innis of Milroy returned from Indianapolis last night after spending a few days there on business.

—Robert Vredenburg has arrived home from Detroit, Mich., having been discharged from service in the army.

—Carlton Chaney of Glenwood went to Indianapolis this morning to attend the egg and poultry dealers convention today and tomorrow.

—Mrs. Anna Gubin, Mrs. Ellen Worsham and Ellen R. Holden were called to Indianapolis yesterday by the death of their aunt Mrs. Letitia Dickson.

—Mrs. Dan Drake, who was operated on at the Sexton's sanitarium Monday evening, is reported to be in a serious condition.

The music committee of Big Flat-rook church will give a penny supper and parcel post sale Thursday evening, in the basement of the church.

A penny supper will be given by the Dr. Gilbert Sunday school class of the Christian church Friday evening, Feb. 28. The supper will be served from five to seven o'clock.

The body of Horace Harbaugh, who died suddenly at his rooms in the Windsor hotel yesterday afternoon, was taken to Attica, Indiana last night for burial. Ray Keys, Mr. Harbaugh's employer, accompanied the body.

Lieut. Scott Buell, who arrived in the United States from overseas last week, has been transferred to Camp Sherman, Chillicothe, O., and will be home on a furlough the latter part of this week or the first of next week, according to word received by relatives here.

Lieut. Weldon Brann, who has been stationed at Camp Sheridan, Montgomery, Alabama, has received his discharge from the regular army, and has accepted a position with Malabar Motor Works in Texas. He will leave for that place immediately. Lieut. Brann is the son of Mr. and Mrs. O. C. Brann of West Third street.

At Auction

The Imported Belgian Stallion Carlo 5056

At the Gibson Bros. Sale

One-half mile west of Rushville, on Shelbyville Pike.

Carlo is a great breeder and show horse, weighed 2150 in show form. If you are looking for a real imported stallion, you should attend this sale as he positively sells for the high dollar.

Days Pickings

WANTS A MARKER ERECTED

On Spot Where Gen. Harrison Camped Near Big Raccoon Creek

Indianapolis, Ind., Feb. 26.—Senator Lanoy of Rockville is behind a movement to have a marker erected by legislative appropriation on the spot where Gen. William Henry Harrison camped with about 1,000 men on the eve of the battle of Tippecanoe. The bill which Lanoy has drafted provides for appointment of a commission of three men by the judge of the circuit court of Parke county to have charge of the erection of the marker. The appropriation provided for is \$500. The place where Gen. Harrison camped on the eve of the famous battle is one of the most important from a historical standpoint in Indiana, according to Senator Lanoy. The spot is near the junction of Big Raccoon creek and the Wabash river in Parke county.

VICTORY LOAN AN APPEAL TO OUR BUSINESS SENSE

As a Business Proposition No Man Can Afford Not to Subscribe to Full Limit of His Ability.

By EDGAR RICE BURROUGHS, Author of "Tarzan of the Apes."

There are an infinite number of excellent reasons why we should support the Victory Liberty Loan.

The finest sentiments we possess must prompt us to subscribe to this loan even more freely than we did to the others. The government must get money or it would not ask us for it. The man who was prompted to lend in the past through fear that if he did not the Germans might get over here and make it unpleasant for him is mighty "yellow" if he will not subscribe, now that the danger is past.

Our response to previous loans indicated that we were thoroughly in accord with the principles for which we were fighting, and by our response we authorized the expenditure of the sums necessary properly to prosecute the war. These enormous expenses must continue for some time. The obligations involved must not be repudiated. They are our obligations as individuals and we must look upon them as such. It is not only a matter of necessity; it is a matter of personal honor for us to meet these obligations promptly and gladly.

On the other hand, there is in the Victory loan an appeal to our business sense as well as to our patriotism. There is the appeal to self-interest for the loan is not to be without profit to us. We are given an opportunity to invest in an absolutely safe security, and we will receive a good rate of interest. As a business proposition no man can afford not to subscribe to the full limit of his ability.

And there is another reason why we should subscribe every cent that we can rake and scrape together. It is this: If the government cannot raise the necessary funds by the sale of Liberty bonds, it must do it by direct taxation. The government has the power to tax us to meet these obligations, and if we are taxed we not only will get no interest but we will never get the principal back again.

It seems to me that both the wisdom and necessity for fully and immediately subscribing this Fifth Liberty Loan must be obvious to anyone whose mentality is greater than that of a child of ten. We are supposed to be an intelligent people, capable of governing ourselves and others. We pride ourselves upon our business acumen, upon our energy and upon our patriotism. In the Victory Liberty Loan we shall have an opportunity to prove to the world that we are better than vain boasters, and that we are fully deserving of the estimate which we have placed upon ourselves as a people.

The time is here. The opportunity is here. The eyes of the world are upon us—upon you. What the world shall think of us depends not upon the action of others but upon what you do—YOU.

HELP FINISH THE JOB

MEETING THURSDAY NIGHT

Congregational Fellowship Session at First Presbyterian Church

A congregational fellowship meeting will be held at the First Presbyterian church Thursday night at 7:30. At this time an instructive and entertaining program will be given. Douglas Morris, S. L. Trabue, Mrs. C. E. Liddell, J. T. Arbuckle, Mrs. Jesse Bennett, Ralph Payne and J. L. Cowing will each give short talks. An effort is being made to add to the success of the church by the advancement of loyalty and service. Those not connected with some other church are asked to show their church patriotism by attending this service.

CUMMINS ELECTED

Washington, Feb. 26.—The democratic national committee today elected Homer Cummings of Connecticut as chairman to succeed Vance McCormick.

ARMISTICE CONCLUDED

Warsaw, Feb. 26.—An armistice was concluded between the Poles and Ukrainians, effective at 6 o'clock Tuesday afternoon according to an official telegram from Lemberg today.

KEPT HER RING NEW.

(By United Press.)

London, Feb. 12. (By Mail).—A woman of God-tones, Surrey, has recovered her wedding ring which disappeared six years ago while she was feeding a calf.

The calf swallowed the ring and wouldn't give it up. It became known as the "Golden Calf."

A few days ago the Golden Calf now grown to sedate cowhand was purchased and killed by an Oxford butcher, who discovered the ring embedded in an internal organ.

There Must Be Quite A War Still Going On

London, Feb. 26.—The war still is costing Great Britain \$20,000, 000 a day.

LUDENDORFF WRITES BOOK

Berlin, Feb. 26.—Gen. Ludendorff, has written to President Ebert saying he has completed a book justifying his action during the war and he desires to return to Germany to publish it and resume his service to his fatherland.

A THING OF BEAUTY AND A JOY FOREVER

# The Aeolian Vocalion

Not only do Vocalion owners enjoy the privilege of using the new Vocalion Records—but all the music of all the world is theirs to listen to as well.

There are No Clumsy Tone Arms or Reproducers to change—the Vocalion plays all records with the same Tone Arm and the same Reproducer. And would you—could you imagine a Phonograph that actually eliminates that ever annoying noise, called scratch. The Vocalion does it.

## If You Are Undecided The Solution Will be Found in the Vocalion

As an instrument for the faithful reproduction of the true beauties of music, as an artistic means for musical self expression, as a refined and handsome article of furniture and as the agent through which the performances of all the world's best musicians become available—

The Vocalion occupies a peculiar and distinctive position of leadership among phonographs.

We will be glad to have you call at our sales-room and play the Vocalion yourself—play it with the Graduola, that fascinating invention found alone on the Vocalion enables you to shade and color the music to suit your individual taste.

We have styles and sizes to fit every purse—and on our easy payment plan, you can afford to own one.

And when you have a Vocalion in your home you are assured that you have the very best Phonograph—from a standpoint of Tone Quality, Mechanical Construction and Beauty of case woods.

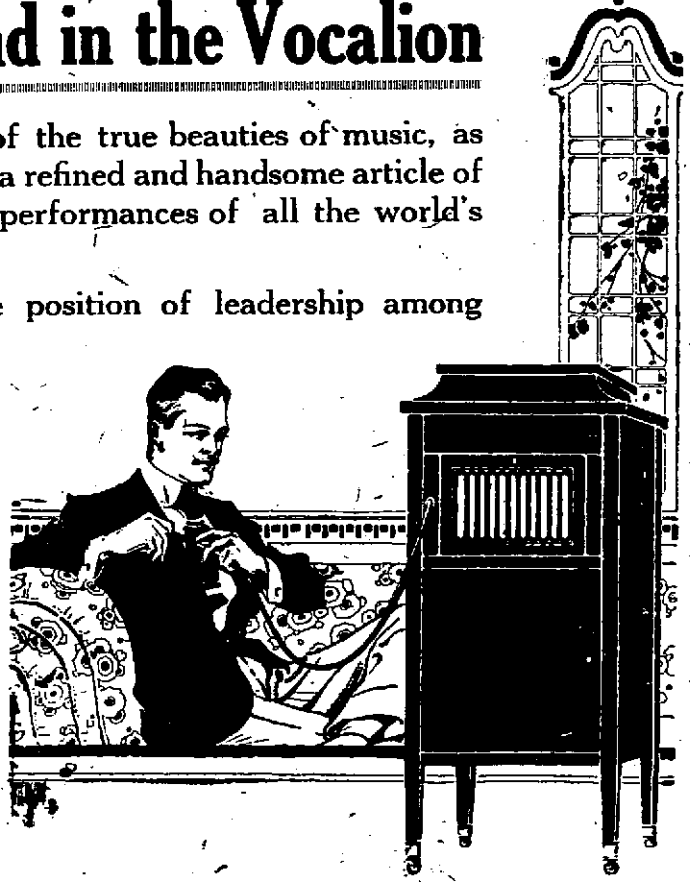

PRICES — Conventional Styles — \$50 to \$350. Period Styles to \$2000.

### A Liberal Education

Whatever may have been the evil effects of the war, it cannot be denied that it has been the greatest educative influence of modern times. People of all countries have become better acquainted with the citizens of others, and have a larger understanding of the national aspirations of neighboring states. In our own country attention has been directed as never before to world problems. By constant reading of the war news the average citizen of the United States is quite familiar with the geography of Europe and Asia and the struggles for independence of their races, and the present economic condition of the states involved in the war, and is possessed of a general comprehension of foreign questions about which he understood practically nothing five years ago.

The same effect is noticeable with respect to similar matters in our own country. The composition of the government at Washington, the power which Federal authority holds over the people, the relation to each other of the legislative, executive, and judicial branches, the power of the president under the Constitution, the question of government control of public utilities, methods of raising revenue and appropriating it for the expenses of the government, the conduct of our foreign affairs—all these subjects and many others are matters of daily comment in the press and have been so intimately connected with the waging of the war that the reading of war news has carried with it a general study of our government in its varied aspects.

Particularly has this influence of education been felt in the training camps for our soldiers here and abroad. Men have been taken from

all levels of society by the draft and blended together on terms of practical equality in the army. Men of high social standing and education have come to know of the hundreds of thousands of poor people from the sparsely settled regions of the country where practically all opportunities for self improvement have been denied. On the other hand boys from those sections have received a liberal education in economics' history' and government that they never would have acquired had it not been for the war. To the men who have been sent overseas the opportunities, of course, have been still greater. "Some will come back," says Gen. Carter, "mained and sorely wounded, but the greater body of them will come home improved mentally, morally, and physically by their service."

### There be Bulls and 'Bulls'

For some unexplained reason the government operators of the railroads have evidently let one of the railroads "put one over" on them. It was announced that a boy in Griffin, Georgia, has been awarded a prize thoroughbred bull offered by the Southern of Georgia Railroad in a calf-club contest. After having compelled the railroads to cease employing chemists to develop chemical industries along their lines, it is surprising that a road would be permitted to give away a bull to encourage breeding of better cattle in the territory it serves. From the standpoint of government operation, here is a sheer waste. The government operators cut out solicitors of business, they cut out advertising they discontinued branch ticket offices—all in the name of economy. But they let a railroad give away a bull for the encouragement of production of better cattle. First thing we know the Railroad Administrator will realize his mistake and restore the chemists and permit advertising of the superior service of various railroads. Give 'em time enough and the makers of railroads policy under government operation might learn a lot of things; but consider the cost to the people of educating the autoerats.

The man who had bacon for breakfast this morning feels like a multi-millionaire when he learns that in Austria pork products are selling at \$10.00 a pound.

It is to be feared that we shall become a luxurious nation again now that we can be fed with wheat bread and warmed with anthracite coal.

A doughboy, the pride of our nation, fell in love with a pretty Alsation. When he asked for a kiss, said this pert little miss, "What's the use of U. S. osculation?"

### Sap and Salt

By BERT MOSES

It is a great thing to get there before you start!

Any fool can buy, but it takes a man with brains, to sell.

Kindness is always in order, but where kindness fail, try a kick.

Some folks couldn't see an opportunity if it came down Broadway blowing a horn.

Success is something distinct and separate from dollars. Many men who have run up great scores were poor.

Find a woman who tells the truth about her age, and I'll find a fisherman who tells the actual weight of his catch.

Hez Heck says: "It is good to drink whiskey occasionally, because you then know how much better you feel when you leave it alone."

## GERMAN REVOLUTION IS HASTENING TERMS

Conferees are Anxious to Reach a Point Where Food May be Shipped to Germany

NO OFFICIAL ADVICES YET

(By United Press.)

Paris, Feb. 26.—The new revolution in Germany is giving added impetus to the work of preparing the outline for a preliminary peace.

The conferees are anxious to reach a point where food and material may be shipped into Germany to restore economic and political conditions to a normal basis.

The peace conference had not yet received official advices on the present situation in Germany, owing to the fact its representatives in that country are sending the messages by couriers rather than telegraph, but there was disposition on the part of the delegates to feel that speed in effecting preliminary peace is progressing.

## HIGHWAY MEASURE AMENDMENT CERTAIN

Both Speaker Eschbach and Lieut. Gov. Bush Insist that the Bill be Changed.

BILL HAS PASSED THE HOUSE.

Indianapolis, Ind., Feb. 26.—Amendment of the highway commission law in the senate so that the acts of the highway director must have the approval of the state highway commission, is certain. As the bill passed the house, the director would have to work only under the 'supervision' of the commission and his steps would not necessary have to have the approval of the commissioners.

Both Speaker Eschbach of the house and Lieut. Gov. Bush, the presiding officer in the senate, insisted that the bill be changed so that the commission would have power to review all acts of the director of highways and thus prevent any fraud in letting contracts of otherwise disposing of the state's money. The roads committee of the senate is spending considerable time working on the measure and it is expected to be ready for senate action before the week is over.

## A TRACTOR DEMONSTRATION

Will be Held on Hackleman Farm West of City Mar. 12-13.

A tractor demonstration will be held on the Dr. F. G. Hackleman farm a short distance west of Rushville March 12 and 13 under the direction of the county agent, Marion Detrick. At least five tractors—Ford, Heider, Case, Moline and Indiana, will be used in the demonstration, and there is a possibility that two others may take part. A similar demonstration was held last summer on the Amos farm south of the city and was a very great success.

## CONCERT PROVES A MUSICAL TREAT

Numbers on Program By Christian Sunday School Orchestra Heartily Applauded

SOLOS ARE ALL FEATURES

Reading by Gladys Behout is Appreciated and Janet Dean Pleases With Violin Number

The concert at the Christian church last night was one of the best musical treats given in this city for some time. The Sunday school orchestra, conducted by Homer W. Cole, gave several fine selections which were heartily applauded. E. E. Perrin played a cello solo which was greatly appreciated, judging from the applause.

Miss Gladys Behout's reading, "A Big Mistake," was the most appreciated number on the program. It dealt with a new minister who in his pastoral visits, called upon a widow, and by confusing the names, asked about an old gray horse which had died. The widow, having been mourning her husband's death for only a week, could not understand why she should be insulted by the new minister when he referred to the deceased. The story is very ludicrous all the way through and ends with the minister being deeply embarrassed by his mistake.

Miss Janet Dean, accompanied by her mother Mrs. Mary Dean, at the piano, played a violin solo. Miss Dean has wonderful control of her instrument and the selection was greatly appreciated. She responded to the hearty applause given her with an encore.

A vocal solo given by Loyd Nelson was applauded heartily, and judging from the amount of applause received, Mr. Nelson's work was appreciated as much as any number on the evening's program. Mr. Nelson also responded with an encore of a humorous nature.

The last number, but not the least, was given by the orchestra, and consisted of several selections, introducing "Swanee River," "Mocking Bird," "Old Black Joe," "The Star Spangled Banner" and several other old time favorite songs. At the close of the program the audience gave way to their feelings and applauded in a manner that could not be doubted, showing that Mr. Coles work with the orchestra is greatly appreciated, not only by the church but also by everyone who had a chance to hear the program.

## TO BE GRANTED A HEARING

Former Officials Whose Books Show Deficiencies will be Heard.

Indianapolis, Ind., Feb. 26.—Former public officials whose books are reported as including deficiencies or discrepancies will be granted a hearing by the state Board of Accounts, and should such officials be overseas or serving in the army, navy or marine corps, their hearing will be postponed until they return to civil life, according to Gilbert Hendren, chief examiner of the board of accounts, today.

"Any man who has been in the military service will be heard only when he returns to civil life, as it would be very unfair to attempt to rule on a case if the man had left his office to serve his country," said Hendren.

## COUGHING SPELLS BREAK YOUR REST

Put a stop to them with old reliable Dr. King's New Discovery

That raw, hoarse throat must be soothed. That phlegm-loaded chest must be loosened. That cough must be checked so you can sleep. Dr. King's New Discovery has been relieving colds, and coughs for half a century without the least disagreeable after-effects.

Your druggist has it because it is well-known and in big demand.

Try this for Constipation. Keep the bowels on schedule time with Dr. King's New Life Pills, the system freed from poisonous wastes, the complexion clear, the stomach sweet, the tongue uncoated, the breath untainted. Mild yet positive in action.

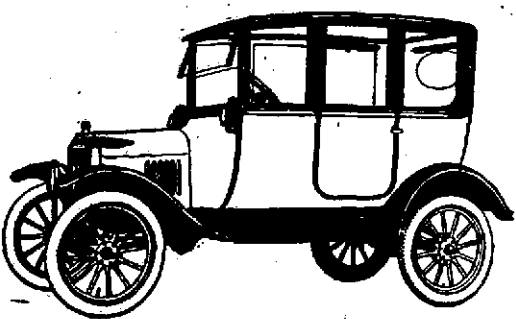

## Ford

THE UNIVERSAL CAR

The Ford Motor Company have instructed us to sell the genuine Ford Parts to any and every reliable Garage who will pledge their use in the repair of Ford cars. The genuine Ford Parts are absolutely necessary to the owner of Ford cars that he may get full service from his car. We carry them and so, we hope, in a short time will every reliable Garage. We solicit your service business because we have the Ford Methods, the Ford Parts, the Ford Mechanics and the Ford prices. Incidentally would be glad to get your order for one or more Ford cars.

# Y. W. C. A. OPENS WORK IN ITALY

Tea and Club Rooms Opened for  
American Women.

Miss Charlotte Niven, Director of Ital-  
ian Work, Prepares for Influx of  
American Woman Students.

Italy is now included in the war  
work of the American Y. W. C. A.

Miss Mabel Warner of Salina, Kan.,  
and Chicago left Paris a few days ago  
for Rome, where she will be in charge  
of a Hostess House for American girls  
employed there by the American Red  
Cross, the Embassy and the new Tu-  
berculosis Commission. Miss Warner  
has been director of the Y. W. C. A.  
Hostess House at Brest, France.

Miss Warner will open a tea room  
and club rooms where the American  
women can gather for social times.  
Rome is harboring a refugee population  
of about 40,000 and accommodations  
are difficult to find.

The work in Rome was started as a  
direct result of the appeal of Miss  
Charlotte Niven, one of the National  
Y. W. C. A. secretaries in Italy, who is  
spending a few months in France as  
advisor in the French work.

Miss Niven's dreams of Y. W. C. A.  
work in Italy include the maintenance  
of a residence for non-Italian women,  
who, she feels, will come to Italy in  
great numbers after the war to study  
music and art.

"I believe at this time such a project  
is particularly important because women  
from other countries should be  
encouraged to come to Italy to replace  
the great numbers of German women  
who flooded Italy in the past, many of  
them paid agents of their govern-  
ment," Miss Niven said in discussing  
her plans.

Miss Niven has asked the American  
Y. W. C. A. to aid the Italian Associa-  
tion in establishing a center, perhaps  
at Genoa, with two American secre-  
taries, with physical and recreational  
training, to act as a training school for  
Italian women. In connection with it  
her plan would include a Hostess House  
for girls passing through the city or  
employed there. Such a center would  
become eventually the center for all  
Y. W. C. A. work in Italy, both Italian  
and foreign.

In her formal appeal for help for the  
Unione Christiana Delle Giovani (the  
Italian name for Young Women's  
Christian Association) Miss Niven has  
emphasized two facts, the poverty of  
the Italian Association on the one hand  
and the need and opportunity on the  
other for an American program in  
Italy at the present time.

Miss Niven's favorite way of illus-  
trating the friendliness of the Italian  
woman to America is by telling the  
story of the Italian mother who said  
she had taken down the picture of the  
Madonna which had hung for many  
years over her bed and was putting in  
its place one of President Wilson.

"In our work in the Unione we have  
lacked trained leadership as well as  
the material resources to give such  
training. We have had no means to  
buy modern equipment. Consequently  
we have not the visible results of  
American and British work.

"Feeble as our work may be, it is  
not useless. Many girls in all parts of  
Italy have told us how much the  
Unione meant in their lives. Italian  
girls are touchingly grateful for the  
smallest efforts. They respond eagerly  
to friendliness.

"There is no other agency doing in  
Italy what the Association is trying to  
do."

Miss Niven has spent the past seven  
years in work with the Italian wom-  
en, starting as director of a hostel, or  
boarding home, for Italian women stu-  
dents at Florence. She is an Ameri-  
can from New York, where she was  
one time head of the Christadora Set-  
tlement House.

## WOMEN LEARNING MASSAGE.

Germantown Y. W. C. A. Trains Wom-  
en for Reconstruction Work  
Among Soldiers.

Educational courses to prepare wom-  
en as aides in the rehabilitation of  
wounded soldiers have been opened at  
the Germantown, Pa., Young Women's  
Christian Association.

A reconstruction massage course,  
lectures in anatomy, physiology, mus-  
cle work and remedial movement mas-  
sage, theory and practice, electrother-  
apy and hydrotherapy are given by  
doctors and nurses, who also super-  
vise practical work at the Y. W. C. A.  
and at hospitals. The courses are re-  
cognized by the Surgeon General.

Similar courses have also been open-  
ed in the New York City Central  
Branch Y. W. C. A., where a specialty  
is made of brush-making with a view  
to training women as teachers for re-  
construction hospitals.

The Canadian Y. W. C. A. has re-  
ceived permission to place a Y. W. C.  
A. secretary on every ship leaving  
England with 200 or more women and  
children on the passenger list.

The secretary fulfills the same func-  
tion for the women as the Y. M. C. A.  
secretary has for men on transports.  
She plans entertainments and recrea-  
tion for women and children and is a  
friend to whom they may come if they  
are in distress.

# Y. W. C. A. Industrial Courses in Buenos Aires

An American Y. W. C. A. secretary teaching South American girls  
who have been forced into industry during the war to become laundresses.

## WOMEN'S COUNCIL MEETS IN PARIS

Eighty Well-Known French Wom-  
en Guests of Y. W. C. A.  
for Opening Session.

Paris, Feb. 2.—Eighty of the most  
prominent women in France who are  
interested in all women's problems at-  
tended the first meeting of the Provi-  
sional Council of the American Young  
Women's Christian Association, held  
at Paris headquarters, 8 Place Edou-  
ard VII, Jan. 30.

Mrs. Robert Lansing, wife of the  
Secretary of State, who is first vice-  
president of the council, presided, con-  
ducting all sessions in French, as two-  
thirds of the members represent  
French associations with whom the  
Y. W. C. A. has been co-operating.

All women in France are looking for-  
ward to the findings of the council as  
of tremendous importance not only to  
women in France, but all over the  
world. The purpose of the council is  
to collect and make available informa-  
tion about conditions and needs of wom-  
en, to become acquainted with wom-  
en who are identified with different  
kinds of work and to develop a few  
typical illustrations which will set  
standards for future permanent work.

Following are the societies repre-  
sented: Union Chretienne des Jeun  
Eilles, Student Movement, Foyer des  
Allices, Apies de la Jeune-Fille, Na-  
tional Council of Women. Among the  
delegates were: Mme. Jules Siegfried,  
Mme. Avril de St. Croix, Baroness  
Watteville, Countess Pourtales and  
Mme. Waldegrave of London.

Mrs. William G. Sharp, wife of the  
ambassador to France, is honorary  
chairman of the council and Mrs. Fran-  
cis McNeil Bacon president pro tem.  
Miss Charlotte Niven, director of Y.  
W. C. A. work in Italy, is secretary.

Departmental and provincial groups  
will hold meetings weekly to discuss  
local problems, the entire council meet-  
ing at the end of each month. In April,  
at the last meeting, each group will  
decide how the information and ex-  
perience may be used most effectively  
in the future.

Delegates are guests at the Hotel  
Petrograd, the Y. W. C. A. Hostess  
House in Paris.

## Y. W. C. A. PROMOTES WORLD FELLOWSHIP

Will Send Industrial Commission  
to Meet Foreign Labor  
Leaders.

The War Work Council of the  
Young Women's Christian Association  
plans to send an industrial commission  
of women to England, France and Italy  
in April to meet prominent labor lead-  
ers of those countries with a view to  
promoting world fellowship among wom-  
en.

The commission will be made up of  
Mrs. Raymond Robbins, representing  
the National Women's Trade Union  
League of America; Mrs. Irene Os-  
good Andrews, American Association  
for Labor Legislation; Miss Grace  
Drake, National Consumers' League;  
Mrs. James S. Cushman, chairman of  
the War Work Council of the Young  
Women's Christian Association; Miss  
Florence Simms, Miss Marie Wing and  
Miss Imogene B. Ireland, secretary to  
the commission, all of the Y. W. C. A.,  
and Miss M. Gilson, an authority on  
employment management.

Miss Florence Simms says in re-  
sponse to the commission: "The war  
has forced upon us the bearing  
of international relationships in all  
things, and our touch with women in  
other countries has made us include in  
our international thinking the indus-  
trial life of women. The war has  
wrought so many changes in this that  
it seems a timely thing that women in-  
terested in the larger life of our wom-  
en workers should take counsel to-  
gether and express their interest with  
the hope that certain minimum stand-  
ards which seem essential to health  
and welfare among women may be  
agreed upon and obtained.

Our War Work Council is sending  
abroad this women's commission from  
organizations in America directly con-  
cerned with the welfare and largest  
life of industrial women."

## DOMESTIC SERVICE COURSES PLANNED

Trained Home-Maker Is to Have  
an Eight Hour Day and Stand-  
ard Minimum Wage.

Courses for training home assist-  
ants, who will go into the home by the  
day, hour or week and work on a  
schedule of hours and fixed wages,  
have been inaugurated by the Young  
Women's Christian Association as a  
means for meeting the problem of do-  
mestic service.

The object of this course, now being  
tried out in New York City, is to place  
domestic service on the same dignified  
basis as clerical work, trained nursing  
or other professions open to women.

The home assistant will work eight  
hours a day for a salary of \$15 a week.  
She will not live in the home of her  
employer or take her meals there. She  
will have an hour for luncheon, when  
she can go to a restaurant or eat a  
lunch which she has brought with her  
just as she would were she employed  
in a factory. The employer will not  
address the home worker by her first  
name. She will be Miss Smith or Mrs.  
Brown, as the case may be.

Applicants for the course are care-  
fully selected, and registrants are ap-  
pearing in large numbers. With the  
same independence as to recreation  
hours, places of eating and living as  
the factory girl, house-work has a  
greater appeal, as being a less monoton-  
ous and more interesting work to the  
average woman.

The course is a thorough one in plain  
cooking, waiting on table and door,  
chamber work, plain sewing, care of  
children, making of menus and the  
washing and ironing of light things.  
Heavy work is to be done by outside  
workers. On graduation the student  
receives a certificate which proves her  
qualification as a dependable home  
worker capable of attending to all ordi-  
nary duties in a home.

The Young Women's Christian Asso-  
ciation has been interested in the prob-  
lem of domestic service both from the  
standpoint of the employee and from  
that of the employer for some years.  
The first commission on Household  
Employment made its report at the  
fifth national convention of the Young  
Women's Christian Association held in  
Los Angeles, Cal., in May, 1915.

The difficulties of attracting capable  
women to this field of work were laid  
to the long hours, lack of independence  
in arranging recreation hours, lack of  
opportunities for growth and progress  
and lack of social standing.

Girls have acquired a distaste for  
the conditions which govern household  
work since the freedom they have ex-  
perienced in working in munition fac-  
tories. By standardizing domestic serv-  
ice it is believed by the Young Wom-  
en's Christian Association that a  
higher type of worker may be at-  
tracted to the necessary work in homes.

The American Y. W. C. A. has open-  
ed a Hostess House in Germany, which  
will serve as a residence house and  
social center for American women war  
workers who have advanced to do can-  
teen, Red Cross and Signal Corps work  
with the Army of Occupation.

## WOMEN BEGIN Y. W. C. A. FOREIGN TRADE COURSES

Courses in New York City Prepare  
Girls for South Ameri-  
can Jobs.

Sensing a sudden call to jobs for  
American women in South America,  
the New York City Y. W. C. A. has  
opened Foreign Trade courses, includ-  
ing classes in shipping, filing orders,  
trade acceptances, tariff, consular in-  
voices, documents, insurance, mail or-  
der trade and other lines of interna-  
tional work hitherto left mostly to  
men. These classes are designed to  
meet after-war needs.

South America is receiving particu-  
lar attention as the Y. W. C. A. is in-  
formed of new jobs that are opening  
in the southern countries. Many girls  
in New York who combine a desire to  
see the world with a craving for finan-  
cial independence are registering with  
the expectation of going there to get  
positions when their courses in train-  
ing are completed.

## WHY YOUR MONEY IS NEEDED—HOW IT HELPS

This Brief Questionnaire Gives Inter-  
esting Information on the  
Victory Liberty Loan.

The government already is exploit-  
ing the Victory Liberty Loan, which  
will be floated in April, in order that  
the people may start saving for the  
purpose of investing in bonds of the  
"Victory issue." The following brief  
questionnaire should tend to clarify  
the mind of any reader regarding the  
Victory Loan:

Q. The war being over, why is there  
need of another great popular war  
loan?

A. The proceeds from the Fourth  
loan, according to Secretary of the  
Treasury Glass, were exhausted last  
December, and the government must  
have billions more with which to main-  
tain our forces overseas, bring the vic-  
tors home and carry out its reconstruc-  
tion plans.

Q. If Uncle Sam's strong-box is  
empty, how is he paying his after-war  
expenses?

A. This is being done with money  
borrowed from the banks at the rate  
of \$500,000,000 every two weeks, short-  
term anticipation certificates of in-  
debtedness being issued in return.

Q. As long as the banks are advanc-  
ing the money, why not let them con-  
tinue to do so?

A. Because in order to continue to  
extend credit to the business interests  
big and little of the country the banks  
must get back this money—amounting  
to 20 per cent of their entire re-  
sources—when it falls due, as only  
thus can the prosperity we now enjoy  
be continued.

Q. Will the Victory Loan be offered  
to the people on a commercial basis,  
or will their patriotism again be ap-  
pealed to?

A. Secretary Glass says the patriot-  
ism of the American people will be re-  
lied upon to send the loan triumph-  
antly "over the top." It, however,  
will be made particularly attractive  
as to rate of interest and period of  
maturity.

Q. What are the monthly war ex-  
penditures of the government at the  
present time?

A. The latest official figures show  
that Uncle Sam is expending money  
at the rate of more than \$2,000,000,000  
a month.

Q. Suppose I bought bonds of pre-  
ceding issues and feel I can't afford to  
buy any more Liberty bonds?

A. Uncle Sam has to pay his bills,  
and you must afford it, even if you  
have to continue for a further time  
denying yourself luxuries and appar-  
ent necessities. Unless the Victory  
Liberty Loan is a success the govern-  
ment will be compelled to raise the  
money it needs by direct taxation, and  
there are no interest coupons on tax  
receipts.

## VICK'S VAPORUB

"YOUR BODYGUARD"—30c, 60c, \$1.20

The man with money  
began by putting some of  
his first earnings  
in the Bank.

It all started with the first deposit. His bank  
account grew until he was comfortable. Then the  
convenience of paying his bills with checks enabled  
him to keep his accounts straight and saved him time  
and worry. Happiness was the result of seeing it pile  
up and grow. All of a sudden he realized he was a  
man with WEALTH.

YOU CAN GROW RICH too, if you will only put the  
money you have in your pocket RIGHT NOW into the  
bank and keep on ADDING to it. Do it.

Put YOUR money in OUR bank.  
We pay 3 per cent interest on savings.

The C. C. card club will meet tomorrow afternoon with Mrs. Alva Bitner east of the city.

The Monday Evening Bridge club will be entertained by Mrs. Walter Hubbard tomorrow evening at her home in West Second street.

Mrs. Walter Hubbard will entertain the members of the Thursday Afternoon Bridge club, Friday afternoon at her home in West Second street.

The Knights of Columbus will give a card party Thursday evening in their hall in West Second street. All Knights and their friends are invited to attend.

The Psi Chi Xi sorority met last evening with Mrs. Fred Arlunckle, at her home in West Second street. After a business meeting the evening was spent socially. At a late hour the hostess served dainty refreshments.

The Pastor's Aid society of the Main Street Christian church held

a business meeting yesterday afternoon in the parlors of the church. A report was given on the last penny supper that was served, which showed that the society cleared \$109.90. Arrangements were also made for the concert to be given by the Welsh Concert company March 6.

Mrs. Carl Behr was hostess for the Tuesday Afternoon Bridge club yesterday afternoon at her home in North Main street. The guests enjoyed the afternoon over the card tables and the hostess served a dainty luncheon late in the afternoon.

Mrs. Sarah Healey delightfully entertained last evening at her home in North Harrison street with an informal dinner party. The table was decorated with a bouquet of flowers and covers were laid for twelve guests.

Mrs. Albert Winship, assisted by Mrs. Ned Abernethy and Mrs. John Eckle, entertained the members of the Ladies Aid society of the M. E. church yesterday afternoon at the home of Mrs. Winship in North Main street. After a brief business session the regular program was carried out.

Members of the Five Hundred club which meets every two weeks on Tuesday evening, entertained their husbands with a pitch-in supper at the home of Mr. and Mrs. Charles Green in West Fifth street last night. An elaborate supper was served and the evening was spent playing Five Hundred.

Mr. and Mrs. Leonard Wewee entertained at their home Monday evening with a six o'clock dinner party in honor of their son, Howard Wewee, and his wife. Mr. Wewee has just received his discharge from the service at Camp Taylor, Ky., and is visiting his parents for a few days before going to Indianapolis. Those present were Mr. and Mrs. M. A. Cogan and family, Clarence Anthony, Miss Edna Hood, the Misses Mae and Edith Wewee of Indianapolis.

A number of friends and relatives of Mrs. Arnold Orme delightfully surprised her last evening at her home in North Morgan street, the occasion being in honor of her birthday. After a bountiful pitch-in supper was served the remainder of the evening was spent in music and

dancing. The guests present were Mr. and Mrs. Alva Newhouse and family, Mr. and Mrs. Noley Newhouse, Mr. and Mrs. Jacob Webber and family, Mrs. Frank Mellwaine and daughter Mary, Mrs. Eva Offutt and daughter Rena, Mrs. Edna Dagler and son, Miss Effalee Frazier, Miss Eliza Brown of Manilla, Byron Newhouse and Russell Orme of Homer.

The members of the Sorosis club enjoyed a very interesting program yesterday afternoon at the home of Mrs. J. T. Paxton in West Seventh street. The program for the afternoon dealt with the Hawaiian Islands. Miss Molly Logan, a returned missionary from India, gave a very interesting talk on her experiences while in India, the first part of her talk dealing with her visit to Honolulu. She also showed the guests views and pictures of that land. A paper was read by Mrs. Britt on "The Islands and Their Resources." The members of the club responded to the roll call by naming products of the Hawaiian Islands. Hawaiian music was furnished throughout the afternoon on the victrola. The hostess served a dainty luncheon to the members and the following guests: Mrs. Will Brown, Mrs. Frank Innis, Mrs. Van Hood of Carthage, Mrs. Lee Welker of Indianapolis and Miss Molly Logan.

### Amusements

#### Princess Program.

Marion Davies in "Cecilia of the Pink Roses" will be shown at the Princess theatre tonight and "Pathe News" the eyes of the world, also is on the program. Thursday and Friday the big Drury Lane spectacle, "Sporting Life" is on the program. In this story many thrilling scenes are pictured. There will be no advance in price for this picture.

#### Romance at The Mystic

"When Love is King," an Edison photoplay in five parts, will be shown at the Mystic theatre tonight. As its title implies it deals with a romance, but there is enough action and spice in it to satisfy the most exacting. The theme deals with the love affairs of a king and a young American girl whose daddy finally buys a kingdom, titles and all, to make smooth sailing for the youthful monarch and his daughter. There is

spice aplenty in "When Love is King" as a scene of an attempted assassination and an interrupted elopement will attest. One forceful scene in this picture play is where an ambassador, a guest at J. P. Morton's residence, recognizes Morton's butler as his king. Those privileged to see this picture in advance of its regular release, pronounce it one of the very best produced by the Edison studio.

#### "The Man Who Came Back"

"The Man Who Came Back", the play with a thrill in every act, and there are five of them, will be the attraction at the Shubert Theatre all week commencing Monday March 3, with the usual matinees Wednesday and Saturday. It came to Indianapolis with a record of having played 72 weeks in New York and each and every week, capacity houses greeted the players at every performance. Its last performance in New York was given a short while ago. Rounding out its seventy-second week, it broke the record of the theatre. The play by Jules Eckert Goodman from John Fleming Wilson's short story of the same name, has all the elements of a human appeal to theatregoers of every class and description. Millions have seen it and the story so well told, is bound to carry its theme to millions more before it grows old. The regeneration of a young man who has fallen by the wayside, and picking himself up to fight his way to the front again, in any walk in life has a big appeal to every red-blooded man and woman. This is the story told in "The Man Who Came Back" and is the reason of its great success. Its human and virile story makes a wonderful appeal. The cast presenting this William A. Brady production includes James Dyrenforth, Katherine Cornell, James Seely, Esther Howard, Peter Lang, Jack Carlton, Richard Clarke and Nick Long.

#### SOLDIERS GIVEN UNIFORMS

Washington, Feb. 26.—The House yesterday adopted the conference report on the bill permitting soldiers, sailors and marines to retain their uniforms when discharged and allowing them 5 cents a mile for traveling expenses home. The measure now goes to the President.

#### BOLSHEVIKIS CONTROL

Madrid, Feb. 26.—Bolsheviks have been in control of Lisbon since Saturday, according to information from that city today. The radicals ceased control of the city government after several days of fighting.

#### TELL CITY PAPERS MERGE

Tell City, Feb. 26.—The Tell City Journal, Republican organ of Perry County, was purchased by the Tell City News, Democratic organ of the county. The publication will be consolidated under the name of the Tell City Journal-News.

#### E. A. DEGREE FRIDAY

Work in the E. A. degree will be given by Phoenix lodge No. 62 at the Masonic temple Friday night at 7:30 o'clock. Visiting Masons will be welcome.

#### CASE IS POSTPONED

The case of the state against Edward Almsan of Arlington, accused of arson in connection with the burning of a house in Arlington, was postponed today on account of the illness of some witnesses for the state. The case was set for trial today.

#### ARMISTICE IS BROKEN

Paris, Feb. 26.—Polish dispatches alleged today that Czecho-Slovaks have broken the armistice on

the whole front in the Lemberg region. They were repulsed by Polish forces, it was said, and fighting continues.

#### TO LIMIT GERMAN ARMY

Copenhagen, Feb. 26.—The national assembly at Weimar has passed a bill providing that the new German army shall not exceed one third of the pre-war strength, according to dispatches received from there today.

**UNCLE SAM: "HERE'S THE BILL! YOU MUST PAY IT THROUGH VICTORY LIBERTY BONDS."**

## An Attack of Influenza Often Leaves Kidneys in Weakened Condition.

Doctors in all parts of the country have been kept busy with the epidemic of influenza which has visited so many homes.

The symptoms of this disease are very distressing and leave the system in a run down condition. Almost every victim complains of lame back and urinary troubles which should not be neglected, as these danger signals often lead to dangerous kidney troubles. Druggists report a large sale on Dr. Kilmer's Swamp-Root which so many people say soon heals and strengthens the kidneys after an attack of grip. Swamp-Root, being an herbal compound, has a gentle healing effect on the kidneys, which is almost immediately noticed in most cases by those who try it. Dr. Kilmer & Co., Binghamton, N. Y., offer to send a sample size bottle of Swamp-Root, on receipt of ten cents, to every sufferer who requests it. A trial will convince any one who may be in need of it. Regular medium and large size bottles, for sale at all druggists. Be sure to mention this paper.—Adv

### TRY A WANT AD

## Why Are You Waiting?

You have somewhere in the back of your head the idea that some day you are going to buy a Singer Sewing Machine.

Now is the time you want to do the Spring Sewing. Think how helpful a good sewing machine would be to you just now in re-modeling old and making new garments.

And so easily—\$1.00 puts the best sewing machine made—a Singer—in your home. The balance in payments to suit your convenience. And we will make a fair allowance for your old machine.

Mr. and Mrs. Roland Murray and their house guests Mrs. Davis and Mrs. S. J. Murray, were entertained by Mr. and Mrs. W. P. King at New Salem, Sunday.

Mrs. Lee Walker has returned to her home in Indianapolis after a visit with her parents, Mr. and Mrs. T. E. Murphy.

Mrs. Saida Scholl is ill with the influenza.

Mr. and Mrs. Leslie Hinchman were guests of Mr. and Mrs. William Gray Monday.

The combination sale was largely attended Monday. The C. W. B. M. Mrs. Walter Combs and children Marcella and Charles William were

week end guests of Mrs. Alice Combs.

netted a good profit from the sale of the lunch at noon.

Miss Minnie McConnell was visiting in Connersville Saturday.

## TROOPSHIP TOLL FIGURED AT COST

The United States is Not to Pay Great Britain any Margin for a Profit for transportation

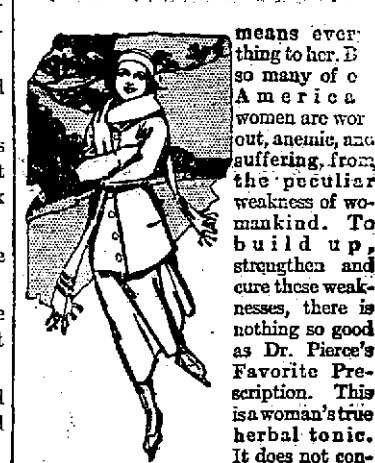

### THREE CLASSES OF SHIPS.

Washington, Feb. 26.—An agreement between the United States and the British government on the amount to be paid for the transportation of American troops to France during the war in British ships is based on cost of transportation, with no margin for profit.

Brig. Gen. Hines, chief of the embarkation service, went to Europe for the purpose of working out the details of this agreement with Lord Reading, British Ambassador to the United States who arranged the project of employing the British ships with Secretary Baker when the German drive last spring caused the American army to be rushed to France.

No figures were then discussed, but when the Ambassador and Gen. Hines met in London the books of the British government showing the cost of operation were produced and the conferees agreed as to the actual cost. Three classes of transportation are provided for, the first and second being for officer accommodations and the third for the hundreds of thousands of enlisted men taken overseas in British bottoms.

## A Woman's Health

means everything to her. So many of our American women are worried, anemic, and suffering from the peculiar weakness of womanhood. To build up, strengthen and cure these weaknesses, there is nothing so good as Dr. Pierce's Favorite Prescription. This is a woman's true health tonic. It does not contain a particle of alcohol, nor anything deleterious to women's delicate constitution. For fifty years it has proven its merit, and can now be had in tablet as well as liquid form at almost any drug store, or send 10c for trial package of tablets to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. Write Dr. Pierce for free medical advice if there is need.

That weak back accompanied by pain here and there—extreme nervousness—sleeplessness—maybe faint spells, chills or spasms—all are signals of distress for a woman. She may be growing from girlhood into womanhood—passing from womanhood to motherhood—or later suffering during middle life, which leaves so many wrecks of women. At any of these periods of a woman's life, "Favorite Prescription" is the best health tonic and nerve prescriber for just such cases by a physician of vast experience in the diseases from which women suffer.

## You Can't Rub It Away: Rheumatism is in the Blood

Liniments Will Never Cure. If you are afflicted with Rheumatism, why waste time with liniments, lotions and other local applications that never did cure Rheumatism, and never will? Do not try to rub the pain away. You will never succeed. Try the sensible plan of finding the cause of the pain, and go after that. Remove the cause, and there can be no pain. You will never be rid of Rheumatism until you cleanse your blood of the germs that cause the disease. S. S. S. has never had an equal as a blood purifier and scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all trace of the disease from their system. Get a bottle of S. S. S. at your drug store, and get on the right treatment to-day. If you want special medical advice, you can obtain it free by addressing Medical Director, 23 Swift Laboratory, Atlanta, Ga.

## TWO MIGRANT ROBINS FIRST TO RETURN FROM WINTER IN SOUTH

By BERT MOSES

In a hike through the river bottoms yesterday morning I saw and heard so many song sparrows that I gave up the thought of counting them. They are among our earliest songsters and their notes are both sweet and inspiring. This bird can easily be identified not alone by its characteristic song but a dark spot right in the center of its breast. In singing, he nearly always flies to a conspicuous perch on fence or shrub, and there, in plain sight, pours forth his harmonious lay, remaining motionless between his verses.

It was a bit raw and windy yesterday, but the air was bracing, and the river bottoms reverberated with the songs and calls of birds. I was fortunate enough to see a robin along the race north of the C. I. & W. tracks. It was probably the same individual I observed in January, for it was in the same neighborhood. Robins reported early in the year are usually the occasional birds that stay over all winter. This morning, however, two migrant robins were seen along Perkins street. These are probably the first to reach here from the South.

I noticed the same kingfisher again. He has a bent like a policeman and rarely leaves it. I counted and heard twelve cardinals. They were not quite so exuberant as the song sparrows, and for that matter few birds are. The male cardinal's winter coat is rather dull but now, as Spring approaches, he is taking on his brilliant apparel and will soon flash across our vision a thing of flaming red.

One flicker was seen. This bird is commonly called the yellow hammer. He is a beautiful and useful creature. In summer, when you see him hopping over your lawn and sinking his sharp bill deep into the soil, he is seeking ants, which are his favorite food. He will attack a hidden ant's nest, peek a hole in it, and then run his long, rough tongue

down the hole and gather in the ants. Always endeavor not to frighten the flicker away. He will help keep your lawn in good condition.

I saw three white-breasted nuthatches this trip. It is a rather rare bird, which comes down a tree head first, peering into the crevices of the bark from above. He has a long pointed bill, and his back is gray, his breast light colored and there are white and black markings on the end of his wings. As he searches the cracks in the bark for insect and larvae he utters a characteristic "honk" "honk" that you easily remember after once hearing it. The nuthatch is a highly useful bird, and destroys bugs and other harmful things in great number working from daylight to dark the year 'round.

Three hairy woodpeckers were seen during the trip. Some people call this bird the sap-sucker. The male has a red spot on top of his head while the female hasn't. The hairy woodpecker comes down a tree tail first—just the reverse of the nuthatch. As he comes down he looks up under the bark for insects, while the nuthatch looks down. In this way it is difficult for harmful insects to breed and hatch out under the bark of trees. Don't ever harm a nuthatch or woodpecker. They are needed in Nature's plan to destroy the enemies of vegetation. The hairy woodpecker is a trifle larger than the downy woodpecker, and can be identified by the white and black stripes on its wings, which run cross-ways. In the downy the stripes run the long way of the wing.

Many people seem to have been interested in the little bird story I wrote for the Daily Republican last week. Some have asked about the purple grackle. This is a bird which is often confused with the common blackbird but it is larger. While its main coat is solid black, it has a highly iridescent head and neck, and in the sunshine it appears a glossy sheen of purple. It does not hop, but walks in the stately style of the common crow. Usually it goes South late in the Fall, and is one of the first birds to return in the Spring. The flock I mentioned last week was the first I ever knew to remain North during the winter.

Birds are wonderful creatures. Once become a student of these feathered families, and they will be found of consuming interest. Many have habits that are not generally known, and some show degrees of intelligence that you would hardly think possible in bird creation. Feb. 24, 1919.

## PROTEST IN SENATE HAS BROUGHT RESULTS

Objection to Ministers Referring to Action on Dry Measures Put End to Practice

SEN. HAGERTY IS SATISFIED

(By United Press.)

Indianapolis, Ind., Feb. 26.—Since Senator Charles Hagerty, of South Bend, protested against ministers referring to the enactment of the prohibition bill and the ratification to the dry amendment to the national constitution none of the ministers who have opened the Senate with prayer, has referred to that issue. Senator Hagerty stated today he is satisfied with the outcome of his protest despite the protests and condemnations which have been heaped upon him for making such a protest.

The Rev. E. S. Shoemaker, leader of the Indiana Anti-Saloon League, today stated that he has not been in any way connected with the Hagerty affair, and denied emphatically that he had at anytime mentioned or suggested along what lines the opening prayer of any minister appearing before either the House or Senate should be.

"Personally I would not mention issues in a prayer before either body of the legislature, and never would have done so," said the Rev. Mr. Shoemaker.

ALLIED BLOCKADE LIFTED  
Paris, Feb. 26.—The allied blockade in the eastern Mediterranean Sea has been lifted.

## Oakland "Sensible Six" at... \$1,075

EMBODIES FEATURES OF MORE COSTLY CARS

## The World's Tractor

This one man single unit two wheeled Tractor weighs 1700 pounds and in ten hours will plow four acres. Disc twenty acres with a seven-foot tandem disc. Harrows forty-five to fifty acres with a 15-foot harrow. Plant twenty to twenty-five acres of corn, cultivate 20 acres with a two-row cultivator. Harvest ten acres with a corn binder. Cut twenty acres of wheat with an eight-foot binder. Mow fifteen acres with five-foot mower rake or pull a hay loader; and in addition can be used for belt work not requiring to exceed ten to twelve horse power.

This Tractor has been in use for four years and is not an experiment. It is superior in every detail of construction.

When the Indiana Silo Company went into the Tractor business four years ago, they found the trouble with Tractors was that they were always laid up for repairs. They have solved that part; they have so constructed it so as to reduce repair bill to a minimum and is so simple any boy can operate.

Tractor will be in Rushville, Saturday, February 15th, and will be more than pleased to demonstrate it as soon as weather permits.

## DEFINITION OF TERM NET INCOME

Deductions Allowed in Paying Federal Tax Include Ordinary and Necessary Expenses

### CHANGES IN THE 1917 ACT

Contributions For Charitable, Religious or Educational Purposes May be Deducted

"Net income" for the purpose of making out an income tax return, is gross income less certain deductions provided for by the revenue bill. The current act allows the ordinary and necessary expenses, and specifically includes salaries for personal services and rentals paid for business purposes.

Losses incurred by a taxpayer in any transaction entered into for profit outside of his regular line of business are allowed. Under the 1917 act deductions for such losses were allowed only to the extent of gains in similar transactions. If, for example, a person made \$1,000 in one stock market transaction and in another lost \$3,000, he was required to include the \$1,000 in his return as gross income and could deduct only that amount as a loss. Under the current act he is allowed a net deduction of \$4,000.

A reasonable allowance is made for depreciation of business property, including a reasonable amount for obsolescence. In the case of buildings, machinery and equipment built or acquired after that date and used for depreciation allowance is made for amortization.

A reasonable allowance is made for the depletion of oil and gas wells, other natural deposits and timber, and for depreciation of improvements "according to the peculiar conditions in each case."

Contributions or gifts made during the year 1918 to corporations organized for charitable, scientific, religious or educational purposes, or for the prevention of cruelty to children or animals, may be deducted to an amount not exceeding 15 percent of the taxpayer's net income.

Other items which may be deducted are as follows:

Taxes paid or accrued, except income, war profits and excess profits taxes and those assessed against local benefits of a kind tending to improve the value of the property.

Losses in trade or business if not compensated for by insurance or otherwise.

Loss of property not connected with trade or business if arising from fires, storms, shipwreck or other casualty, or from theft, if not compensated for by insurance or otherwise.

Debts ascertained to be worthless and charged off within the year.

Interest paid or accrued on indebtedness, except indebtedness incurred to purchase securities, the interest on which is exempt from tax.

The following items are not deductible: personal, family or living expenses. Amounts expended for new buildings or permanent improvements made to improve the value of the property. Amounts expended in restoring property or in making good exhausted there of for which an allowance for depreciation has been made. Premiums paid on any life insurance policy covering the life of any officer or employee or any other person financially interested in the trade or business carried on by the taxpayer, when the taxpayer is directly or indirectly a beneficiary in the policy.

## FARMERS INSTITUTE IS TO BE HELD AT MILROY

Final Arrangements Have Been Made Two Speakers Have Been Secured

GOOD ATTENDANCE ASSURED

The Anderson township Farmers Institute will be held at Milroy Saturday and promises to be one of the best of the series held this year. Much interest has been taken in the work and a good attendance is assured. The details of the program have been finished and two speakers have been secured.

R. L. Thompson, an emergency farm agent of Topeka, Indiana, comes highly recommended and will speak on "Breeding and Feeding Hogs." His talk will be very beneficial to those who wish to improve their own farm practices and wish to see their community advance in the farm work. Mrs. E. K. Givens of Freedom, Indiana, has had about fifty years experience on the farm and her lecture on "The Business Boy" will be of great interest to all. Having spent all her life on the farm, she is fully acquainted with all the problems of the farm and the farm home. Her address will be of special interest to the women of the farm.

This meeting will be held all day and farmer of Anderson township are urged to attend.

## JANUARY EXPORTS EXCEED OTHER MONTHS

Exports for the Month are Greater Than any in the History of American Commerce

VALUED AT \$623,000,000

Washington, Feb. 26.—January exports from the United States valued at \$623,000,000, were announced by the Department of Commerce yesterday as exceeding any previous month in the history of American commerce. They come with \$505,000,000 for January, 1918, and \$566,000,000 for December, 1918.

During the seven months ended with January exports from the United States totaled \$3,793,000,000, as compared with \$3,450,000,000 for the corresponding period one year ago.

Imports during January were valued at \$213,000,000, the report said, leaving a net trade balance in favor of the United States for the month of \$410,000,000. Imports during January, 1918 were valued at \$234,000,000 and during December, 1918, at \$211,000,000.

## Buy Your Moline Tractor Now

## Because:

You may not be able to get a Moline Universal if you delay ordering.

You will help relieve spring congestion of shipping by buying now.

You will have plenty of time to become familiar with its construction and operation before the spring rush and will be able to work your tractor in on belt work and other light jobs.

It is the only tractor which does all farm work including cultivating.

One man operates both tractor and implement from the seat of the implement where you must sit in order to do the best work.

Tractor and implement form one unit—backs as easily as it goes forward—turns in a 16-ft. circle.

It has plenty of power for your heaviest work, yet light in weight to operate economically on light jobs. All the weight on two big drive wheels—no dead weight—no extra expense.

Substantially constructed for many years of service.

Electric lights for night work and self starter for non-robust labor.

You can practically double your efficiency—you can produce more food with less help. You will need it, order now.

SUPERMAN ARE BUSY FIXING YANKS SHOES

Discharged German Soldiers Have Changed From Fighting to Mending Soldiers Shoes

GLAD OF THE OPPORTUNITY.

(By United Press.)

Coblentz, Feb. 2 (By Mail)—From

fighting American soldiers in the Argonne to voluntarily repairing shoes for these same Americans is a long jump. Several score discharged German soldiers have made it.

In their withdrawal from the Rhine the German army left behind about 80,000 pounds of shoe leather, and a large quantity of shoe machinery. Maj. Lewis Landes of the salvage department conceived the idea of using the leather and machinery to repair the footgear of the troops in the occupied area, thereby saving the shipping space necessary to ship the shoes to France and back again. So he set up a big repair shop with about 100 German employees hired in Coblentz. About half of these are demobilized soldiers who were glad to get work, even at repairing the shoes of their enemies.

GYPSIES MOVE ON.

The band of gypsies which has been causing a disturbance in the eastern part of the county for several days' moved on yesterday afternoon and local authorities did not go after them yesterday afternoon as was planned. Charles Newhouse, living south of Glenwood, telephoned the sheriff's office that the gypsies had left.

WEAKNESS REMAINS LONG AFTER Influenza

Reports Show That Strength, Energy and Ambition Return Very Slowly to Grippe Patients.

After an attack of influenza, doctors advise that nature be assisted in its building-up process by the use of a good tonic—one that will not only put strength and endurance into the body, but will also help to build up and strengthen the run-down cells of the brain.

One of the most highly recommended remedies to put energy into both body and brain is Bio-feren—your physician knows the formula—it is printed below.

There's iron in Bio-feren—the kind of iron that makes red blood corpuscles and creates vigor. There is lecithin also; probably the best brain invigorator known to science. Then there is good old reliable gentian, that brings back your lagging appetite.

There are other ingredients that help to promote good health, as you can see by reading this formula, not forgetting kolo, that great agent that puts the power of endurance into weak people.

Taken altogether Bio-feren is a splendid active tonic that will greatly help any weak, run-down person to regain normal strength, energy, ambition and endurance. Bio-feren is sold by all reliable druggists and is inexpensive. For weakness after influenza patients are advised to take two tablets after each meal and one at bed time—seven a day, until health, strength and vigor are fully restored.

It will not fail to help you and if for any reason you are dissatisfied with results your druggist is authorized to return your money upon request—without any red tape of any kind.

Note to physicians: There is no secret about the formula of Bio-feren. It is printed on every package. Here it is: Lecithin; Calcium Glycero-phosphate; Iron Peptonate; Manganous Phosphate; Pot. Nux. Vomica; Powdered Gentian; Ethionipathalein; Oleo-resin Capsicum; Kolo.

## KEEP THE LOAN FIRES BURNING, WORKERS!

"Finish the Job" Should Be the Slogan of Victory Liberty Loan Leaders of Seventh District.

## SOLDIERS STICK TO POSTS

Chairmen and Their Aids Must Not Quit Until All the Government's War Obligations Have Been Discharged.

Returns at the five state headquarters in Chicago show that the county chairmen and other important workers in the Seventh Federal Reserve district are signing up for the fifth big loan. They are actuated by the same sense of duty, it is reported, as fills the breasts of the soldiers now held in France. The soldiers over there long for home; but they realize that their work is not done. Garrisons must be held along the Rhine until peace has been formally signed and the terms of the peace treaty have been carried out.

In the same way it is generally recognized by chairmen and other workers throughout the Seventh Federal Reserve district, the men who are responsible for the financial part of the war, cannot quit until the financial obligations are discharged. The big bills for any undertaking come in immediately after the completion of that work. It would be an irresponsible business man, it is conceded on all hands, who would refuse responsibility for that part of his contractor's bills that came in after the driving of the last nail.

The Fourth Liberty Loan paid off the then outstanding treasury certificates of indebtedness and furnished enough new money to carry the government until mid-December. Since that date the treasury department has been borrowing from the banks at the rate of \$300,000,000 a week, and by the time the Victory Loan is offered will owe nearly six billion dollars. The Fifth loan money will pay off these bank loans and carry the government

## A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

until the money raised under the 1918 revenue act begins to come in.

The sudden termination of the war brought an increase in the day to day military expenditures. The total for December passed, for the first time, the two billion mark. The January total was slightly less, but exceeded any other month except January. February promises to show a considerable decrease. The high daily outlays since the end of fighting have been due to the liquidation of the war machine, and were unavoidable. There is still a great mass of contract obligations to be cleared away—contracts entered into by business men for the rush production of munitions that would have been absolutely essential had the war gone on for a few weeks or months longer.

Chairmen and workers who happen to hear of anyone who is declining to participate in the next loan have ready to their hands a set of the best possible arguments against this sort of conduct.

In the first place the man who refuses to work in the next loan or to buy bonds of the next issue can be charged with being a quitter or a coward. Neither is an especially American attribute. As a nation Americans have the reputation of seeing a thing through. And the fields of France proclaim that they are not cowards.

But the infrequent loan worker who is saying that he cannot find time to participate in the Victory drive, or does not feel any obligation to do so may be charged with cowardice. It is generally recognized where such an attitude is encountered that the man fears the fifth loan will not be a success. The man who is preparing to quit now, it is pointed out, is doing so because he does not want to be identified with a failure. The answer to this is that none of the 6,000 marines who stopped the victorious German march on Paris at Chateau Thierry asked to be excused from going into the fight because he expected it to be a failure. Yet all the foreign military men thought that the Americans could not stop the Germans at this point.

Another argument answers a good deal of half-hearted comment which maintains that it makes no difference whether the banks have to take the loan. But the business man or the wage earner who thinks that it makes no difference to him is decidedly mistaken. If the public does not take the bonds the banks, as everyone knows, must do so. Now on December 31 the national banks of the country had resources of \$20,042,224,000. This was the first time in the nation's history that the total ever got above the twenty-billion mark.

This enormous banking power shows, for one thing, that the nation can take another six billion loan with ease if the organization gets out and works. But it also shows something else. The twenty billion, of course, is greatly more than the total that is actually available for credit operations. If the banks should have to take the greater part of the next loan, and to add this burden to the more than two billion now tied up in Liberty loans, and the additional treasury certificates that will be issued next summer and fall, there will be a very much reduced balance for general business credit accommodation.

Everyone knows what credit limitations did to business in the days when fighting was going on. The readjustment pause that has followed has lessened the demand, but the minute business starts forward on the reconstruction boom, as it will in a short time, every dollar of credit facilities possible will be in demand, and any such limitation as a failure of the

loan would entail would mean business stagnation and unemployment. Every loan worker in the Seventh Federal Reserve district must realize that the success of his own business, or the size of his own pay envelope, is tied up with the success of the government's financial plan.

Finally, the nation has such an enormous amount of new wealth that it is impossible to assume that the loan will fail. Everything says that, unless patriotism and common sense were both stricken dead in every American breast upon the signing of the armistice, the loan will be a success. National bank deposits in 1918 amounted, to only \$6,051,689,087.10, to-day they amount to \$15,051,000,000. Farm profits on the 1918 crop have been enormous and the 1919 crop promises to be the greatest in history. The hard-coal mines of the country produced 76,649,918 gross tons of new wealth in 1918 and the petroleum wells added 345,500,000 barrels of oil. The national balance of trade—the excess of exports over imports—has grown from \$252,677,921 in 1909 to \$3,150,000,000 in 1918. In four short years we have changed from a debtor nation owing \$4,000,000,000 abroad, to a creditor nation that is owed \$10,000,000,000 by foreign nations and their people. And lastly, American banks hold the greatest accumulation of gold ever known in history—as much as is owned by the next eight most wealthy nations put together.

Any citizen who fears that the fifth loan cannot and will not be subscribed has little of the courage and confidence that made America famous at Chateau Thierry and Cantigny and in the Argonne Forest.

—HELP "FINISH THE JOB."—

## WOMEN BIG HELP ON VICTORY LIBERTY LOAN

Preliminary Work is Well Mapped Out—Big Showing in Former Loans to Be Exceeded This Time.

Preliminary returns show that the women workers of the Seventh Federal Reserve district are out to make a big showing in the Victory Liberty Loan. Women chairmen and workers are everywhere signing up for the fifth campaign. There have been very few resignations, it is reported, from women who felt that their obligation to the nation had ended because the fighting in France was ended.

On the contrary, it is asserted by Miss Grace Dixon, director for women, Seventh district, and by other leaders in the women's loan activities, the women workers feel more strongly than ever their obligation to get out and personally go after bond subscrip-

tions. The very fact that individuals are found who do not appreciate the obligation resting upon the civilian population has aroused in double force the patriotic sense of duty in the breast of the women workers. These are asserting through letters received at Chicago headquarters by every mail that they intend to work twice as hard as in any preceding loan—if that be possible—in order to counteract the "quitter" sentiment that is manifesting itself among certain individuals in every community.

Preliminary work is well mapped out in a majority of the counties in the district. It is planned to have a larger number of women workers enrolled everywhere than was the case in the preceding loans. Workers already are securing pledges from recruits and veterans and it is promised that a better showing will be made in every state than in any of the Liberty loans so far placed.

The Fifth loan, it is pointed out, will come at a time when women on the farms and in the smaller communities can give an especially large amount of time to the loan work. The drive, coming in April, will precede the active farm and garden work, and the women will, therefore, be in a position to concentrate on the campaign in a way they were unable to do in the Fourth loan.

The results of the Victory Loan are expected to prove a monument to the patriotism and self-sacrifice of the women of the Seventh Federal Reserve district, for the spirit of service is the animating principle of the American people at this time.

—HELP "FINISH THE JOB."—

## OUR PRAYERS

By JEAN MAHAN PLANK.

We pray and we weep with emotions that weary us; Ready to worship our heroes of war.

We put them on pedestals high as old Sins, Gaze at them proudly or cheer from afar.

If we'd get in touch with Divine Law mysterious, Draw fire to forward our impulses fond,

'Twould carry the message to God that we're serious If we backed up our prayers with a Liberty Bond.

## FRISCO FEELS QUAKE

San Francisco, Cal., Feb. 26.—A slight earthquake was felt here at 2:39 o'clock Tuesday afternoon. No damage was reported.

# Tired, Overworked Men What You Need is Vinol

Vinol creates strength *because* it is a non-secret combination of the most famous body-building and strength-creating elements known—Beef and Cod Liver Peptones, Iron and Manganese and Glycero-phosphates. You who are run down, nervous, lack energy and working strength, we *know* that Vinol is what you need. Try it at our risk. Here is Proof:

Sandford, Maine.

"I suffered so much from a run-down, nervous condition and stomach trouble that I never felt like working, and had tried almost everything without relief. The first bottle of Vinol, however, helped me, and it has finally built me up so I feel better now than I have for a long time."—C.D. Haines.

Springfield, Mass.

"I am a night operator—was all run-down, couldn't sleep, had no ambition, all tired out—I had tried blood and nerve tonics without help—and thought I would try Vinol and I must say it has built me up so I feel better, look better and sleep better."—Charles T. Harder.

For all run-down, nervous, anemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

## Vinol Creates Strength

# Horses and Mules

The majority of horses and mules that are out of condition are traceable to worms and indigestion, while worms are very common to colts and young horses. ACME WORM BOUNCER will rid your horses and mules of worms and improve their condition. When preparing your horses and mules for spring work feed them a tablespoonful of

## ACME WORM BOUNCER

two or three times a day. They will shed better, eat better and do better. When fitting your horses for market, feed ACME WORM BOUNCER—Nothing equal to it.
